RE: Alberta Fuel Tax Pause Ending December 31, 2023

Please be advised that after a year of being paused in Alberta, the fuel tax will be partially reinstated to \$0.09 per litre effective January 1, 2024. This increase to the fuel tax rate will be reflected in the IFTA Tax Rate Matrix and carriers should continue to report all travel and fuel purchases in Alberta as they normally would.

Beginning in 2024, Alberta will review fuel tax rates quarterly to determine if fuel tax rates should be adjusted and, if so, by how much. All future tax rate changes will be reflected in the IFTA Tax Rate Matrix in a timely manner so reporting of travel and fuel purchases in Alberta on IFTA returns will not be impacted.

Sincerely,

James Ackroyd, CPA-CMA, LLB.
