December 28, 2020

Subject: Extension of 2020 Operating Credentials

To Whom It May Concern:

Due to circumstances outside of our control, Nevada has experienced processing delays in getting 2021 operating credentials out to all of its Motor Carrier customers for both IRP and IFTA. We are asking all law enforcement to not take enforcement action on any Nevada IFTA and IRP operating credential with the December 31, 2020 expiration date until February 1, 2021.

Please honor this extension by delaying enforcement action on these Nevada vehicles operating in your jurisdiction until February 1, 2021.

Please share this with law enforcement.

If you have any questions or need additional information, please contact Andrea Burnell at (775) 684-4665

Sincerely,

A handwritten signature in black ink, appearing to read 'Jude Hurin', is written over a large, stylized graphic element that resembles a signature or a large letter 'J'.

Jude Hurin, Deputy Director
Nevada Department of Motor Vehicles
