Re: Idaho's 2009 IFTA License Renewals and Decals

Please forward this notice to all your jurisdiction's law enforcement personnel in the event that an Idaho based IFTA licensee is stopped in your jurisdiction for not having renewed its Idaho IFTA license for 2009 and/or not displaying its 2009 Idaho IFTA decals on the vehicle.

The state of Idaho is currently experiencing problems with producing and distributing its 2009 IFTA licenses and decals. We are taking steps to resolve this matter as quickly as possible.

Idaho is asking that Idaho IFTA licensees not be penalized for not renewing their IFTA licenses for 2009, in instances where the licensee has a valid 2008 IFTA license on board and 2008 decals on the vehicle, until February 28, 2009.

If you or any of your law enforcement staff have any questions regarding the 2009 renewal status of an Idaho licensee, please call (208) 334-7830 or (208) 334-7701 for assistance. You may also contact:
