RE: Notice - Newfoundland and Labrador IFTA Decals

*Please forward this notice to your jurisdiction's law enforcement personnel in the event that a vehicle is identified as not having a Newfoundland and Labrador 2008 IFTA decal.*

The Province of Newfoundland and Labrador has received complaints from some carriers regarding the quality of the 2008 IFTA decals. The carriers have reported that the decals have been peeling from their trucks. The Province has responded to this issue by replacing the decals upon the receipt of notification from the carrier. We are currently in the process of contacting the supplier to develop a solution to rectify the problem.

In the meantime this jurisdiction is asking that Newfoundland and Labrador carriers not be penalized for a missing decal in instances where the carrier has a valid NL-issued IFTA license on board.

If you or any of your law enforcement staff have any questions regarding this notice please contact:
