2007 IFTA Decals

Would you like to see your 2007 IFTA Decal displayed on the One Stop Shop page along with your Carrier Contact Information?

If so, please send us a decal for display.

Just send it to:

IFTA, Inc.
912 W Chandler Blvd, Suite B-7
Chandler, AZ 85225

We'll do the rest!

You can also scan a decal and email it to jeubanks@iftach.org

Annual Reports:

It's that time of the year again, time to update your jurisdiction's Annual Report, General Report, and Audit Report.

This is done by IFTA members with level 3 access and higher. Login to the IFTA, Inc. website and click on *'master control'*. Then click on each report and fill in the required information.

While you are in the master control area you might as well update your distance, fuel, vehicle, and other exemptions. Even if you don't have changes from last years exemptions, just click on *'update'* then click on *'modify'* button twice. This will update our database and let us know you have updated your jurisdiction's information with a new timestamp. When searching the exemption database its good to know they are updated once a year by looking at when it was last updated.

Spreadsheets:

The spreadsheets which sort and display the Annual, General, and Audit Reports were updated and will show all new data entered for the year 2006 as soon as we receive it.

Downloads:

The 2005 Audit and General reports have been compiled into Excel files and are available for downloading. You can find them linked into the spreadsheets and they are located in our Download area.

Secure Area:

Emails were sent out to the members on the Agreement Procedures Committee and to the Law Enforcement Committee to sign up for their secure level. Each committee has their own secure area on the IFTA, Inc. website with message boards and jurisdiction communication lists.

Clearinghouse Update

jdegraf@iftach.org

Participating and Last Update

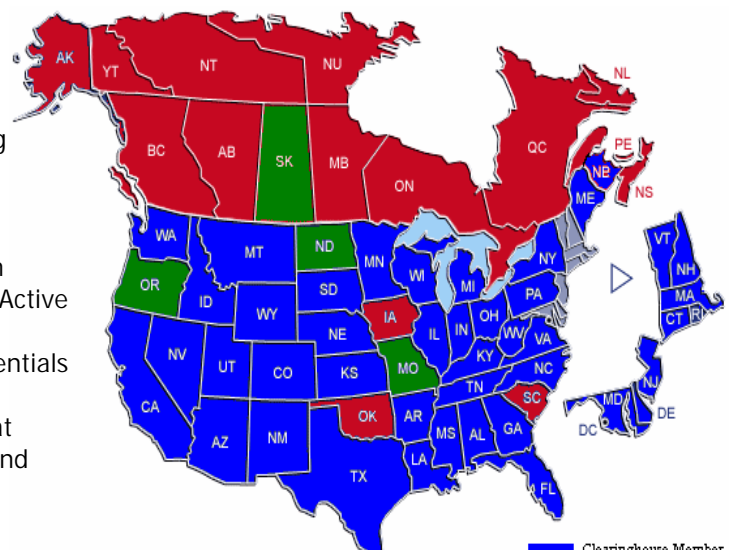

On the demographic pages of the Clearinghouse there is a 'Participating and Last Update' page. The last update refers to the last update of demographic data sent to the Clearinghouse. Using this screen will ensure that your jurisdiction, vendor, or the Clearinghouse itself is properly updating your jurisdiction's data. So far it's been useful for identifying a couple of updating issues.

Revoked Carriers

There are carriers being issued IFTA credentials that have been revoked in one or more IFTA jurisdictions. A quick look at the 'Active Carriers with a Revoked Status' list on the demographic pages identifies the carriers and the jurisdictions giving the IFTA credentials to these 'revoked' carriers. According to R335 of the Articles of Agreement, a carrier should not be issued an IFTA license if that carrier has been revoked in another jurisdiction. We recommend you make use of this data when issuing an IFTA License.

Your Input

Please feel free to e-mail me any ideas or complaints you may have. I would like to especially know if you feel our web pages are loading slowly or if you are simply having access issues. This will help us identify the changes we plan on making in the future.
