Upcoming Program Compliance Reviews

On December 9 - 10, 2009 the "**NEW JERSEY**" Review will take place.

A special recognition and "**THANKS**" to those participating as team members:

Sherry Helms (AL)
Dorothy Burns (TN)

THANKS! to all of the 2009 reviewed Jurisdictions. Your hospitality was very much appreciated.

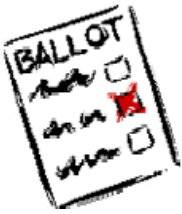

THANKS! to all of the team members who have participated on a Review this past year. We appreciate your professionalism and willingness to go that extra mile.

The 2010 Reviews are already in the planning stages. If you would like to Volunteer to participate on a review just let us know!

Watch THE IFTA NEWS for Review announcements.

2010 Full Track Ballot Submission Deadline
March 26, 2010

Voting Booth is Open

IFTA Commissioners: It's time to vote on the four (4) Final Ballot Proposals. As you know the holidays are a busy time of year so please vote early!

FTFBP 1-2009

Intent

The intent of this ballot is to amend the IFTA Articles of Agreement to require the PCRC to recommend to the membership that a dispute be initiated against a member jurisdiction that: 1) has been found non-compliant on the subject articles of the governing documents following completion of the Program Compliance Review Process, including a follow-up and/or reassessment; and 2) has been issued a Final Determination Finding of Non-Compliance by the PCRC.

If ratified by the membership, the dispute is forwarded to the IFTA Dispute Resolution Committee for consideration pursuant to the IFTA Dispute Resolution Process.

STFBP #2-2009

Intent

This change would promote combined IFTA and IRP program compliance reviews by aligning both the IFTA and IRP program compliance review cycles to five (5) years. Combined IFTA and IRP program compliance reviews would continue to be optional and would only be conducted upon request by the base jurisdiction. Jurisdictions would be required to retain IFTA records for an additional year. This proposal would not change the record retention requirements for licensees.

STFBP #3-2009

Intent

The intent of this ballot is to provide greater clarity and amend the current language by adding the term "suspension" and therefore ensuring that a licensee is not renewed if they are in a suspended status.

FTFBP #4-2009

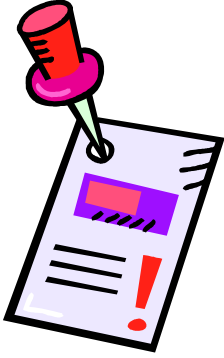

Intent

The intent of this ballot is to create the Clearinghouse Advisory Committee as a standing committee of the International Fuel Tax Agreement and to authorize the committee to propose ballots.

**The voting period for the two (2) Short Track Final Ballot Proposals ends on
December 1, 2009.**

**The voting period for the four (4) Full Track Final Ballot Proposals ends on
December 31, 2009.**

NOTES FROM THE BOARD

The IFTA, Inc. Board of Trustees (Board) held its Fourth Quarter 2009 meeting on October 22 - 23. Mr. Robert Pitcher, American Trucking Association (ATA), and Mr. Mahlon Gragen, ATC Leasing, Industry Advisory Committee Chair, attended this meeting. Mr. Julian Fitzgerald (NC), IFTA, Inc. Board President, attended by conference call. Mr. Scott Greenawalt (OK), Board 1st Vice President, presided over the meeting. Following the welcoming of the newest Board member, Mr. Ron Hester (ON), the Board went into closed session for the purpose of reviewing IFTA, Inc. related matters. Upon conclusion of the closed session, the meeting re-opened.

The Board reviewed and approved the minutes of the Board Actions by Email and teleconferences. In July the Board approved the 2Q09 Board Meeting minutes for release.

Mr. Jason DeGraf, Information Systems Administrator, presented the IFTA, Inc. Clearinghouse update. A set of funds netting totals was issued at the end of September and included forty-seven out of the forty-eight jurisdictions participating. Ten of twenty-seven jurisdictions have corrected data issues. Ontario is the latest member to participate in the clearinghouse and new, read-only members include Oklahoma, Prince Edward Island, and South Carolina.

IFTA, Inc. purchased a virtual clearinghouse server. It is anticipated this server will be completely operational by November. The Information Technology Advisory Committee (ITAC) will be tasked with reviewing additional security measures regarding data accuracy uploaded to the clearinghouse and roadside verification of the data.

Ms. Lonette Turner, IFTA, Inc. Executive Director, provided an update regarding the funds netting test plan. Five of the six groups of member jurisdictions have successfully tested their funds netting and the final group will be tested by mid-November.

The Clearinghouse Access Agreements for participating and non-participating jurisdictions were reviewed. IFTA, Inc. will not sign the Access Agreement for those jurisdictions with issues until the concern has been addressed and rectified. IFTA, Inc. is also researching outside audits as previously requested by the Board. IFTA, Inc. continues to work closely with the bank in regards to the funds netting accounts, related costs, and insurance for IFTA, Inc. and its members. The Board approved the 2011 IFTA, Inc. Clearinghouse Funds Netting Calendar as presented.

The IFTA, Inc. Contingency Plan was reviewed. The contingency plan was first approved by the Board in 2006 and outlines the procedures to be taken following a catastrophic event. The Board was asked to review the document in its entirety and will revisit the plan at the January 2010 Board Meeting. IFTA, Inc. will also research local hotel options for suite rental should the office building be deemed uninhabitable. Additionally, IFTA, Inc. will research alternative options to storing the organization's back up data.

Ms. Turner informed the Board that IFTA, Inc. remains financially stable and is recovering from fiscal losses earlier than forecasted. In reviewing the membership dues, the Board was informed that three member jurisdictions have not paid their 09/10 membership dues. The Board asked IFTA, Inc. to contact these jurisdictions in writing and request that payment be made within thirty days of receipt of the letter.

The Board was then updated on the status of the District of Columbia's proposed legislation to joining IFTA. The last time DC applied for IFTA membership was in 2003, but the Adopting Resolution was not approved by membership. The District of Columbia does not have a motor fuel use tax.

Mr. Tom King, IFTA, Inc. Webmaster, provided a live demonstration of the IFTA, Inc. website. The demonstration previewed the ongoing and recent website updates. All 2009 meeting materials have been posted to the website. Some of the ongoing projects that will enhance the website include the exemption database, the addition of a biodiesel information web page, and compiling a mirror of the website to be used as a back up in the event of equipment failure. The mirrored website is already being used and updated daily. The Board asked IFTA, Inc. to research a tool to notify requesting parties of user deletions.

Go to Meeting and Go to Webinar websites were also reviewed by the Board. Such software is estimated at \$90 per month. With the purchase of a single license, it was explained that fifteen users could participate under the same license. A corporate license permits for twenty-five users at a single time. The systems work through the email process and provide a link to the meeting. Webinars are also limited to the number of participants at any given time. For each service, there is no limit on how long the meeting or webinar can last. Additionally, as licenses are based on a monthly purchase, licensees can hold multiple meetings or webinars during that month. Training will be a necessity if IFTA, Inc. is to consider purchasing a license through either service.

Mrs. Debora Meise, IFTA, Inc. Program Director, reviewed the status of the 2009 ballot proposals. Five ballot proposals were out for the second comment period which ended October 23. The voting period for the short track ballots will be open until December 1 and the full track voting ballots will be open until December 31. The Audit Committee is discussing whether or not to proceed or withdraw IFTA ballot 6-2009.

Two Northeast jurisdictions will be reviewed to complete the 2009 Program Compliance Reviews. While New Jersey has agreed to a simultaneous review with IRP, their review will not be a combined review. The Massachusetts electronic review was conducted in early October. IFTA, Inc. is currently working on the 2010 review schedule for the Midwest region. Four additional electronic reviews are being scheduled prior to the Annual IFTA Business Meeting. The Board was in favor of IFTA, Inc. pursuing these four additional test jurisdictions for a full electronic review in 2010. It is the position of IFTA, Inc. to request the same team members to conduct all the electronic reviews during the testing stages to ensure consistency during the training process.

Mrs. Meise reviewed the MA electronic review. All communications were held via teleconference or email and all documents were provided either electronically by email or uploaded to a secured section of the clearinghouse. At the conclusion of the review, MA was provided with a survey inquiring about the process. A presentation regarding the electronic reviews will be provided during the July 2010 Annual IFTA Business Meeting as well as future auditor and manager meetings. If supported by the IFTA community, electronic reviews may become the norm as early as 2012. Should electronic reviews become standard in IFTA, the Program Compliance Review Guide would need to be revised.

The Board discussed the hotel accommodations for future quarterly Board meetings. IFTA, Inc. will run a cost analysis of moving the Board meetings and present the report back to the Board in January 2010. Hotel locations and transportation costs will be considered. IFTA, Inc. will also research moving the first quarter Board meeting to be held in conjunction with the Audit Workshop.

A teleconference will be scheduled with the Board in late November to discuss establishing a Working Group to review the issue of reasonable cause for re-audits. Discussion of a uniform forms Working Group was also considered. It has been requested by industry representatives that IFTA consider a standardized form that could be universally accepted by all member jurisdictions. Previously, the ITAC has researched this issue. While a uniform form could be developed, it was explained that the member jurisdictions are not in favor of this approach due to their in-house systems accepting their forms only. The Board was also presented with a letter from the Colorado Motor Carriers Association. This correspondence focused on an issue where a vehicle was cited for only having one IFTA decal.

The Strategic Plan was reviewed by the Board and dates were revised accordingly. Service measures were also reviewed. IFTA, Inc. was asked to continue tracking the clearinghouse statistics, ballot voting and commentary history, budget reserve data, committee travel expenses and attendance at the IFTA meetings.

The Board also approved the decal specifications for 2011. These specifications will be posted on the IFTA, Inc. secured website.

The Board met with the IFTA Committee Chairs on the second day of the meeting. Mr. Greenawalt called the meeting to order and welcomed the Committee Chairs. Following introductions, Mr. Bill Kron (MS), Agreement Procedures Committee (APC) Chair, offered the APC report. Despite the low attendance at the 8th combined IFTA Managers' and Law Enforcement Seminar, discussions went well and many interesting ideas were presented during the seminar. The committee is drafting ballot language that would propose changes to the Annual Report. There are vacancies from the Northeast, Southeast, and Canadian regions.

Ms. Kim Craig (ON), Alternative Fuel Committee (AFC) Chair, presented this report. The AFC is a special committee comprised of representatives from the other IFTA Standing committees. The exemption and biodiesel databases were reviewed. It was requested that IFTA, Inc. create a drop down box that would list additional information available for exemptions, refunds, incentives, etc. The committee will request that jurisdictions complete the biodiesel information and provide feedback. The committee is researching whether other alternative/blended fuels should be included in the database. The committee requested direction from the Board as to the next steps and future projects for the AFC.

Attorneys' Section Steering Committee (ASSC) Chair, Mr. Jack Frehafer (PA), presented this committee's report. The ASSC has faced a difficult year due to travel restrictions. The 2010 IFTA Attorneys' Section Meeting has been canceled. As a result, the committee will be researching webinar opportunities until another meeting can be held. In reviewing membership of the committee, the Board approved Ms. Janice Davidson (NC) and Ms. Carolee Johnstone (CA) as Chair and Vice-Chair respectively, effective January 1, 2010. Mr. Frehafer would then become the ASSC ex-officio.

Ms. AnnMarie Chamberlain (MA), Audit Committee (AC) Chair, presented this report. Mr. Jeff Hood (IN) and Mr. David Nicholson (OK) have been approved by the Board as committee members. In addition to reviewing the Audit Manual, the committee is working to host a webinar on pre-audit planning and opening conferences. At this time, no date has been set. The committee has withdrawn IFTA ballot 5-2009 and is currently considering whether to proceed or withdraw ballot 6-2009 following the second comment period.

The Clearinghouse Advisory Committee (CAC) report was presented by Mr. Garry Hinkley (ME), Chair. The CAC has been very busy in 2009 preparing for the funds netting release and continue to prepare for the January 1, 2010 implementation date. Referencing ballot 4-2009, making the CAC into a Standing Committee, all commenting jurisdictions were in support of this ballot. Upon passage, the committee will recommend expansion and formalization of the committee.

Reporting on the activities of the Dispute Resolution Committee (DRC), Mr. Ed King (CA), Chair, informed the Board that there were no disputes in progress. The committee continues to hold teleconferences every two months. In addition to drafting recommendations to the Board following the previous dispute, the committee is also working on a New Member Guide.

Mr. Gragen provided the Industry Advisory Committee (IAC) report. Travel restrictions have also impacted industry personnel. The IAC is drafting a presentation for the 2010 IFTA/IRP Audit Workshop regarding record keeping and technology. Industry is looking at electronic alternatives and data accumulation options.

Board Liaison Mr. Bryer presented the ITAC report on behalf of Chair Ms. Beth Devlin (NY). The committee has been tasked to research GPS technology and is working to schedule a webinar in November. One of the committee's goals is to have total participation from all of the IFTA Standing Committees on the ITAC.

Lt. Jennifer Brown (AZ), Law Enforcement Committee (LEC) Chair, presented this report. The committee continues to hold monthly teleconferences. During the September seminar, North Carolina provided an opportunity for all attendees to visit a roadside scale house. This field trip was to better showcase what happens at the roadside and call attention to the issue of uniformity.

The LEC is working to coordinate an IFTA blitz across the country. The committee is asking all member jurisdictions to participate following the grace period. This blitz would check for IFTA credentials and dyed fuel at the roadside. In addition to the coordinated blitz, the committee continues to research how best to provide a road show to the member jurisdictions without the expense of travel. Uniformity continues to be something that the LEC is pursuing and they are investigating future ballots.

Board Liaison Ms. Hussey presented the Program Compliance Review Committee (PCRC) report on behalf of Chair Ms. Cathy Beedle (NE). The committee meets by teleconference every month and is currently looking to fill the vacant Vice-chair position. The 2009 reviews that have been completed are currently being reviewed by the PCRC.

The IFTA Meeting update was provided by Mrs. Tammy Trinker, Events Coordinator. The registration fees for the 2010 IFTA/IRP Audit Workshop were approved by the Board as presented. The registration fees will be \$310 for members, \$360 for the general public and industry representatives, and \$650 for exhibitors. The on-line registration packet will be posted to the IFTA, Inc. website.

The 2010 IFTA Managers' and Law Enforcement Seminar will be September 21 - 24 and will return to Mesa, AZ. IFTA, Inc. has also procured the hotel contract for the 2010 Annual IFTA Business Meeting (ABM). This meeting will be held in Toronto, ON, July 20 - 21, at the Sheraton Centre Toronto. At this time, there are no hotel contracts secured for the 2011 IFTA Attorneys' Section Meeting, Managers' and Law Enforcement Seminar, quarterly Board meetings, or ABM. IFTA, Inc. will continue to work with the committees in organizing and scheduling these meetings as well as identifying a host jurisdiction for the ABM and procuring hotel contracts in a timely fashion.

The role of the Committee Chairs was then discussed. Mr. Fitzgerald informed the Chairs that the Board would like to establish better lines of communication to interact with the committees. The Chairs were asked to review the IFTA Committee Chairs Guide and offer commentary. Several thoughts were proposed to help keep the committees better informed. Some of the recommendations presented included sharing the committee teleconference minutes with the Committee Chairs when published. Another suggestion was to create a template outlining the committee tasks stemming from the Strategic Plan and having this available to all the Chairs.

Ongoing committee projects were reviewed. The Board then charged all of the Chairs with approaching their committee members and recruiting volunteers for the ITAC. The Board also approved the nomination of Mr. Michael Burrichter (KS) to the ASSC.

Discussion was had regarding the ASSC reviewing ballot proposal language before submission. Mr. Frehafer felt that the committee could provide commentary on the ballot language without taking a position on the ballot issues themselves. The purpose of the committee review would be to determine if any conflict exists with the constitutionality of the ballot. The ASSC will work with IFTA, Inc. to determine the ballot calendar for 2010 to permit for the committee's review of all ballots submitted. Ballots would be submitted by the committees directly to the ASSC for review. The latest ballot language could be forwarded to the ASSC would be the end of January.

Assessing committee concerns, it was suggested that the agency letter distributed annually include and stress committee participation. In an effort to strengthen and maintain communications with the committees, the Board approved holding Committee Chair meetings each year. Following the conclusion of the business discussions, the Fourth Quarter 2009 Board meeting was adjourned.

Meetings Announcement Page

Notes from the 2009 IFTA Managers and Law Enforcement Seminar

The 2009 seminar was a great success and we want to thank everyone who participated and helped with the event. Durham, North Carolina is beautiful in the fall.

This year's attendees participated in a wonderful inspection site visit presented by the North Carolina Highway Patrol. We watched trucks being inspected for safety issues and credentials for both IFTA and IRP. This year's seminar break outs and presentations were very informative and according to the evaluations filled out by the attendees a big hit.

As usual every year the regional break outs and the town hall meetings where the jurisdictions and Law enforcement can talk about issues and get ideas to solve them from their fellow attendees are one of highlights of the seminar. Being able to seek help from the other jurisdictions or Law enforcement on issues that plague everyone is always one of the favorites of the seminar.

One major idea that came out of the evaluations that were filled out following the seminar was actually changing the name of the meeting to drop the word seminar and change it to either Managers and Law Enforcement Workshop or Training. By doing this several jurisdictions and Law enforcement thought they would have an easier time getting funding to participate in this yearly meeting. Please contact any APC or LEC committee members with your thoughts on this matter or any other matter.

The APC and LEC committees are already planning the 2010 meeting which will be in Mesa, Arizona at the Hilton Hotel September 22 - 24, 2010.

Ideas for presentations from the 2009 meeting evaluations for the 2010 meeting include:

- ◆ GPS how does it work and how will it help IFTA jurisdictions and what minimum requirements should GPS units have?
- ◆ How to spot IFTA decal and license fraud and counterfeiting and how much is out there?
- ◆ Updates on funds netting success and issues, how is it working for everyone?
- ◆ What websites can assist you in your jobs, IFTA, CVISN, Safer, US DOT, etc and how to get that information out of them?
- ◆ How can jurisdictions assist Law enforcement with training in IFTA, therefore helping you and your jurisdiction?
- ◆ Ballot suggestions and what updates are needed for the Articles of Agreements, Procedures Manual or Audit Manuals; are we up to date with the electronic age?

The APC and LEC committees are always looking for presentation ideas and if you or your jurisdiction has any ideas please contact any APC or LEC committee member, which can be located on the IFTA website on the toolbar under committees.

The 2009 Strategic Plan has been added to the IFTA, Inc. website.

Program Compliance Review - Final Reports

Five Final Reports for 2009 have been added to the secure area. To view login and select the Program Compliance Review link. Then select the year 2009 to view the files in pdf format.

2010 12th Annual IFTA and IRP Audit Workshop

Registration is now open for the 12th Annual IFTA and IRP Audit Workshop. To speed up your registration login first then proceed to registration to use the auto complete feature.

Voting Booth

The voting booth is open for Commissioners to vote on this years ballot proposals.

The deadline to vote on the two Short Track Ballot Proposals is **December 1, 2009**.

The deadline to vote on the two Full Track Ballot Proposals is **December 31, 2009**.

Clearinghouse Update
jdegraf@iftach.org

Funds Netting Update

You may have noticed by now that we are not currently using the test calendar. The main reason for this is that some Jurisdictions have yet to send transmittal data in a timely manner according to the test calendar. So I have waited until all data for a given month is in, this gives us a better idea of the totals involved.

Late transmittals this month will still be accepted, but notices will go out to those late jurisdictions advising them of their late transmittal data.

We do have the past 2 months of funds netting data available. And will continue to process funds netting numbers up to when funds netting goes live in January 2010.

IAR Database

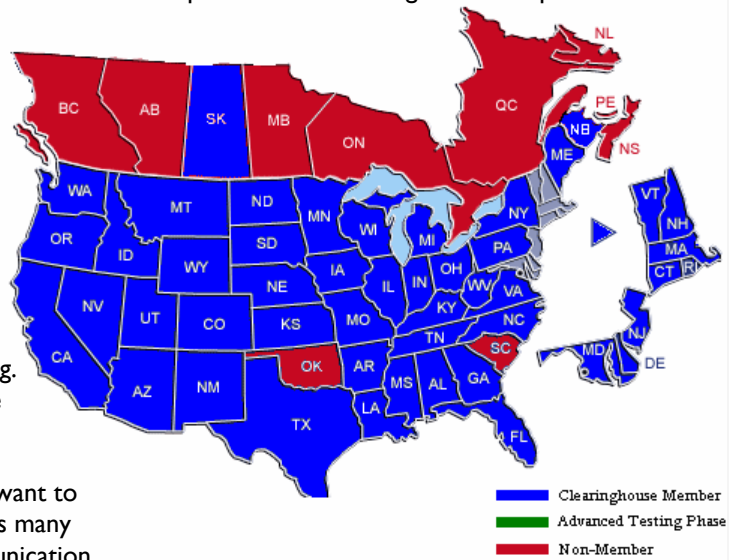

Finally completed a much needed upgrade to the IAR Database. You will find that pulling up data is much quicker compared to any data you try to pull up before November of 2010.

I can't improve the performance of data posted before November 2010 so keep that in mind when looking for new audits reports.

Please Keep Contact Info. Updated

Please make sure your contact data is up to date on www.iftach.org. This is especially true for transmittal data notifications. We will be using that to send out all funds netting reports in January.

You can only add one e-mail address, so choose wisely. You may want to consider setting up a group account in your jurisdiction then add as many users as you wish to the group account. Then update your communication e-mail with the new group account e-mail address.

“IFTA E Credentialing Software CSP”

Delaware Department of Transportation is soliciting a request for Competitive Sealed Proposals (CSP) for the acquisition and implementation of a true web-based information technology solution to replace an existing IFTA-Registration system. The **CSP - 1518 for “IFTA e Credentialing System, Software and Implementation”** will be available in mid November 2009. For more information, please use following URL:

<http://www.deldot.gov/information/business/proservs/requests.shtml>

2010 Program Compliance Reviews

We are pleased to announce the following dates for the 2010 Program Compliance Reviews

Illinois	October 26-27
Indiana	March 23-24
Iowa	September 8-9
Kansas	May 18-19

events!

AUDIT WORKSHOP FEBRUARY 2010

WHEN ?

February 1 (Monday)
On-Site Check-In

February 2 - 4 (Tuesday - Thursday)
Workshop

February 5 (Friday)
Committee Meetings

WHERE ?

Fly in to
San Antonio International Airport (SAT)
San Antonio, Texas
<http://www.sanantonio.gov/aviation/>

Ground Transportation
San Antonio Airport Shuttle
<https://saairportshuttle.hudsonltd.net/res>

Approximately \$18.00 per person One Way
Reservations Required; Link on hotel website

Taxis

Terminal 1 at lower level curbside outside baggage claim.
Terminal 2 at front curbside just outside baggage claim.

Fare to San Antonio downtown areas are approximately
\$20 to \$23 (U.S.) per cab.

Reference airport website for list of *rental* agencies and fees.

HOTEL ?

Historic Menger Hotel
204 Alamo Plaza
San Antonio, Texas 78205

(210) 223-4361 or (800) 345-9285

<http://mengerhotel.com/>

PAYMENT ?

Reservations Deadline: **January 5, 2010**

Room Rate for Group **\$117.00 (Single)**
State and local taxes **16.75%**

Meeting Registration Fees

IFTA Members **\$310**
General Public / Private Sector **\$360**
Exhibitors **\$650**

Advance payment

Checks can be mailed directly to IFTA, Inc.

Credit card payments can be accepted
by calling IFTA, Inc. direct

On-Site Payment

Checks will be accepted during on-site check in
Cash is also accepted during on-site check in

Invoices

IFTA, Inc. can invoice for the registration fee (s) upon request
Invoices paid after the workshop will incur a **minimal** late fee
