Summary Total Total Breakdown

When summary totals aren't good enough... A new page has been created that totals all the summary total data for a specific funds netting period.

On the Funds Netting page in the Clearinghouse, there is a new link at the top called "Summary Total Breakdown". Choose a jurisdiction and a funds netting period and you will see all the totals being reported by jurisdictions to your jurisdiction and vice versa. At the bottom of this page is a column total for all amounts reported to the Clearinghouse as defined in the Summary Total files. This report was based on a user request.

The Clearinghouse Enhancement Request form can be found on the www.iftach.org page, under the Clearinghouse links.
