

## **Electronic –**

### **1) Scenario**

3 OO Transport is based in Nevada. The IFTA fleet consists of three vehicles. All trucks are leased units. All vehicles are registered IRP under the drivers name. Drivers report for IRP miles while 3 OO Transport reports miles and fuel for the IFTA return.

The records presented reflect all 3 vehicles from the IFTA fleet. Each vehicle has a different ELD vendor that collects different information used to report miles and fuel.

The 3<sup>rd</sup> quarter of 2017 IFTA return for Nevada has been provided.

A trip log report and an IFTA tax calculation has been provided. A service uploads data from all ELD, GPS, and Fuel Vendors in the fleet directly into report.
