Education and Training

- IRP, Inc. is working with IFTA, Inc. staff to determine if we can do this project jointly.
- Goal is to provide an online training tool, which will provide the same look and feel of the product for both memberships.
- There are other benefits, but the primary focus is to provide a good product that can meet the needs of our joint memberships.
- Still working on the evaluation, working with a group of jurisdictional volunteers, of the fraud training products offered by AAMVA to determine what fits well for the motor carrier services community and what might need to be developed to best meet the needs in that arena.
