OFFICE OF THE
COMMISSIONER

Waiver of IFTA Requirements for Connecticut

Due to the severe impact of ice storm Alfred on the State of Connecticut, the Governor has declared a civil preparedness emergency. The Commissioner of Revenue Services has authorized a temporary waiver of IFTA (International Fuel Tax Agreement) credentialing requirements for the purpose of ensuring that essential emergency restoration and relief efforts reach the impacted areas of this state. This waiver applies to qualified motor vehicles (as defined in Conn. Gen. Stat. §12-478) based outside of Connecticut; this includes a waiver of the display of identification markers (decals) and the possession of an IFTA license as required under Conn. Gen. Stat. §12-486 and §12-487.

This waiver includes any qualified motor vehicle being used in the restoration efforts relative to utilities, tree services, vehicles being used to transport relief supplies and equipment, and vehicles being used by relief agencies. It will remain in effect until further notice.

Dated this 2nd day of November 2011
