Dear Fellow IFTA Jurisdictions and Law Enforcement Agencies:

Due to the high demand of IFTA applications in Florida, the Bureau of Commercial Vehicle and Driver Services, IFTA Issuance and Compliance Unit is awaiting fulfillment of its reorder in 2022 IFTA decals. Florida will continue to issue the 2022 IFTA licenses and forward the appropriate decals when they arrive mid-June 2022 for those who placed orders on or after May 23, 2022.

Law enforcement may encounter some Florida licensees that do not have 2022 decals but hold the license. Carriers awaiting decals will be provided a copy of the attached letter with the license. We ask that enforcement honor the license until we get the correct decals in stock and delivered to customers by the end of June 2022.

Florida apologizes for any inconvenience this has caused and appreciates your patience in this matter.

Sincerely,

Dawn Gunter
Program Manager
Bureau of Commercial Vehicle and Driver Services
