Suspension of Georgia Motor Fuel Taxes
2026 International Fuel Tax Association (IFTA) Return Filing Guidance
October 06, 2026**

Governor Brian P. Kemp has signed a 30-day extension to the Executive Order No. 09.28.26.01 suspension of the state's excise tax on motor fuel sales into law. All motor carriers who are licensed with the International Fuel Tax Association (IFTA) and traveling in Georgia are exempt from motor fuel excise tax from September 29, 2026, at 12:00 a.m., through November 5, 2026, at 11:59 p.m. This is due to the Executive Order 10.06.26.01. that also waives the enforcement of the penalties incurred for selling, delivering and consumption of dyed fuel for highway use.

Motor carriers will be able to purchase qualifying motor fuel tax-free and travel non-taxable miles in the State of Georgia during this suspension period. IFTA returns are still required to be filed for the quarters that include this tax-free period. Please ensure that all fuel purchases are reported on IFTA returns to accurately reflect your miles per gallon (MPG) for the suspension period. Reporting should include both tax-free and tax-paid purchases. As of the effective suspension date of September 29, 2026, through November 5, 2026, all miles traveled in the State of Georgia should be reported as non-IFTA miles.

On the IFTA return, all filers should report all miles traveled and fuel gallons purchased in Georgia for the suspension period as non-taxable miles and non-taxable gallons. Please use the following instructions for reporting activity from 9/29/2026 through 11/05/2026:

- Report all miles traveled in Georgia during suspension period in Total Miles
- Exclude all miles traveled in Georgia during suspension period in Total Taxable Miles
- Report tax-free fuel gallons purchased in Georgia in Total Gallons
- Exclude tax-free fuel gallons purchased in Georgia in Tax-Paid Gallons

It is important for all motor carriers to maintain all mileage and fuel records during this suspension period to support filed IFTA returns.
