RE: Missouri 2025 IFTA License and Decal Delay

Due to delays in obtaining decal manufacturing material, Missouri is unable to renew IFTA licenses and decals prior to December 31, 2024. We are working diligently to secure the manufacturing material. We expect Missouri 2025 IFTA licenses and decals to be renewed and to licensees prior to the end of the 2024 renewal grace period on February 28, 2025.

Missouri requests all IFTA jurisdictions to honor the IFTA, Inc. 2024 license and decal grace period for Missouri licensees.

If additional unexpected delays occur, Missouri will provide an updated notice to IFTA, Inc.

Missouri appreciates your patience and consideration as we work through these issues.

Sincerely,

Aaron Hubbard
Director, Motor Carrier Services
