

IMPORTANT NOTICE

Re: Impact of the 2024 Canada Post Strike on IFTA Payments

Please be advised that as of November 15, 2024 Canada Post and its worker's union announced a nationwide postal strike. As a result of this, all mail has been disrupted across Canada and therefore we are unable to send IFTA payments via cheques during this time. We highly suggest setting up for Electronic Payment with Government of Newfoundland and Labrador, if you have not already done so.

- Each jurisdiction has already been setup as a Supplier with Government of NL but would need to provide banking details to set up for Electronic Payment method. This can be done at the below link or submitting the attached form, along with banking.
<https://www.gov.nl.ca/fin/supplier-form/>
- If you plan to have your organization set up to receive electronic funds, please contact our department via TaxRegistration@gov.nl.ca to obtain your current vendor number that will be needed to be updated with your banking information.
- Please be advised that Electronic Payment method is available with a US Bank accounts to receive US funds.

If you have any further questions please email TaxRegistration@gov.nl.ca
