SUBJECT: Washington Untaxed Fuel Station Notice

In response to increased questions and reporting errors on Washington's IFTA tax returns, the Department of Licensing, Prorate and Fuel Tax Services (PRFT) has created a public listing of known fuel station locations selling fuel without the Washington tax paid before delivery, also known as untaxed fuel. The PRFT Untaxed Fuel Station Notice is now available on our [website](#) and located under the "How to file a return" section. This listing will assist IFTA licensees in properly reporting and calculating any fuel taxes owed or refundable when filing their quarterly tax returns. It is based on the information available to the department as of the date of the notice.

Please feel free to disseminate this information within your organization as you deem appropriate. If you have any questions or need further details, please reach out to Mahua Majumdar, Motor Carrier Services Program Manager, at mmajumdar@dol.wa.gov.
