Andy Beshear
GOVERNOR

Jim Gray
SECRETARY

TO: IFTA Jurisdictions and IFTA Enforcement Offices
FROM: Kentucky
Date: September 14, 2022
Subject: 2022 and 2023 Defective IFTA Decals

Please be advised that Kentucky has experienced problems with 2022 decals partially or fully peeling off trucks. We have received multiple complaints and this has been communicated with the vendor.

The same vendor just produced our 2023 decals and we anticipate some of the same issues. Kentucky does not charge for decals and are providing additional decals upon request. The request for additional or replacement decals can be made through the Kentucky's on-line Motor Carrier Portal. Carriers must obtain replacement decals if a decal has fully or partially peeled off.

In the meantime, we are requesting the enforcement agencies in other jurisdictions take this into consideration before issuing citations to Kentucky based carriers. Kentucky carriers should still be able to produce a current and valid Kentucky IFTA license.

Sincerely,
Kentucky Qualification/Permit Branch
