RE: DEFECTIVE IFTA DECALS - MANITOBA

As first noted in January 2012, Manitoba is experiencing quality issues with some of the 2012 International Fuel Tax Agreement (IFTA) decals issued to Manitoba based carriers. The red on the defective decals is peeling and fading, resulting in the decals becoming white in colour. The decal number remains visible.

We are NOT issuing replacement decals unless the decal number is no longer visible. If this is the case, the decals will be replaced.

Please distribute this notice to your Law Enforcement personnel. We are requesting that Manitoba based carriers in possession of a 2012 IFTA licence not be penalized for defective decals. We have had instances where Manitoba carriers have been fined and/or refused entry into an IFTA jurisdiction because the decals were white. In these instances, the decal number was still visible.

Should you have any questions regarding this issue, please contact our office at 204-945-6444 during business hours (Monday to Friday – 8:30 am to 4:30 pm, CST).

Thank you.

Sincerely,

Leanne Tsai, CA
Manitoba IFTA Commissioner
