Notice to IFTA Jurisdictions

March 28, 2023

RE: Taxable Fuels

Please be advised that the 2023 South Dakota Legislature has passed SB 71 which added additional fuels to the International Fuel Tax (IFTA) Statutes. This bill now includes motor fuel, ethyl alcohol, methyl alcohol, biodiesel, biodiesel blend, liquid natural gas, liquid petroleum gas, compressed natural gas, special fuel, or any combination thereof as part of the fuels under IFTA laws.

This law will go into effect July 1, 2023. South Dakota will add these fuel tax rates to the IFTA tax matrix for 3rd Quarter. Currently only Diesel and Bio-Diesel are taxed as part of IFTA and those are the only rates included in South Dakota's tax matrix in IFTA.

If you have any questions please call Darrin Gerry, Revenue Supervisor - Motor Carrier at 605.367.7942 or email him at Darrin.Gerry@state.sd.us.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Darrin Gerry', with a long horizontal flourish extending to the right.

Darrin Gerry
Revenue Supervisor – Motor Carrier
