

Jim Pillen, Governor

TO: IFTA Inc.

FROM: Nebraska Department of Motor Vehicles

RE: State of Nebraska Executive Order No. 26-21 (Agricultural Diesel Fuel Supply)

This notice is being sent to notify all IFTA jurisdictions. IFTA carriers hauling agricultural products or livestock from one point in Nebraska to another point in Nebraska they may claim less taxable miles on the NE line of their 3rd or 4th Qtr., 2026 return for those intrastate miles only from September 24, 2026 through December 22, 2026.

Carrier's claiming the exemption will need to retain detailed records to support the reduced taxable miles were used hauling agricultural products or livestock and this must be kept with their mileage records for audit.

NE will not be updating the tax rate for 4th Qtr., 2026 since it doesn't impact all diesel taxes.

If you have any questions or concerns please reach out to Heidi Crawford, Administrator of Motor Carrier Services, 402-471-4099 or heidi.crawford@nebraska.gov.
