Subject: Inaccurate Commercial Vehicle Status

To Whom It May Concern:

Nevada Motor Carrier commercial registrations ran outside of the Federal CVIEW or SAFER systems (e.g. within State of Nevada systems) are returning an expired status when in fact most of the vehicles do have active authority.

This is due to Nevada DMV having recently moved their carrier data over to a new system. **NLETS & JLINK** driver/vehicle queries for Nevada are currently still communicating with DMV's old registration system. As a result, **outdated** carrier information is being returned and is no longer reliable at this time.

Nevada DMV is currently in the process of addressing the issue with their vendor, ~~however there is no current ETA on a resolution.~~ **UPDATE: We expect to go live with updates by July 1, 2021.**

Please inform Roadside Enforcement to search the Federal CVIEW or SAFER systems for the most up-to-date and current status. The driver should also be able to present a valid cab card for the vehicle.

Please share this with law enforcement.

If you have any questions or need additional information, please contact Richard Wagner at (775) 684-4656 or rwagner@dmv.nv.gov or the Motor Carrier Tax & Licensing Team at mctlc@dmv.nv.gov or call (775) 684-4711 ext 1.

Sincerely,

Richard Wagner
Tax Program Supervisor II
Nevada Department of Motor Vehicles
