**NEW AUDITOR TRAINING PART 2 IS NOW AVAILABLE!**

IFTA, Inc. is pleased to announce that the TRUedu New Auditor Training Series Part 2 has officially been unveiled. Part 2 of this comprehensive and interactive series, aptly named Audit Count, Strata, and Records Reviews focuses on the requirements within the governing documents that define a compliant audit program. Through the use of interactive technology, you will determine how many audits and what stratification requirements are needed for a fictitious jurisdiction. You'll also enter the "doctor's office" to learn about how Records Reviews provide for a "wellness check" and how they can help you meet your overall auditing requirements.

This entire series will appeal to auditors and audit managers of all skill levels. The series is being rolled out in multiple sessions. It is anticipated that there will be approximately twelve sessions, published approximately four weeks apart from each other. Once the entire series has been published and you have completed each session (remember to select "Exit Activity" to record your completion) a Certificate of Completion for the series will be available for download. Check the IFTA, Inc. website frequently for updates on this new training series. Remember, TRUedu is IFTA's home for online learning. As always, please reach out to us through [LMShelp@iftach.org](mailto:LMShelp@iftach.org) with any questions or to seek assistance on using TRUedu.

Sincerely,

Rick LaRose
