NEW AUDITOR TRAINING PART 3 IS NOW AVAILABLE!

IFTA, Inc. is pleased to announce that the TRUedu New Auditor Training Series Part 3 has officially been unveiled. Part 3 of this comprehensive and interactive series, aptly named The Pre Audit Process focuses on a look at a pre audit examination of records, the use of a questionnaire to gain valuable information about the licensee, the fleet, and the records, how to conduct an Opening Conference, Communication with the licensee, the Evaluation of Internal Controls, and much more! There will be interactive exercises including one where you help a young auditor determine which records should be part of his review.

This entire series will appeal to auditors and audit managers of all skill levels. The series is being rolled out in multiple sessions. It is anticipated that there will be approximately twelve sessions, published approximately four weeks apart from each other. Once the entire series has been published and you have completed each session (remember to select "Exit Activity" to record your completion) a Certificate of Completion for the series will be available for download. Check the IFTA, Inc. website frequently for updates on this training series. Remember, TRUedu is IFTA's home for online learning. As always, please reach out to us through LMShelp@iftach.org with any questions or to seek assistance on using TRUedu.

Sincerely,

Rick LaRose
