INTRODUCING IFTA'S NEW LMS!

The all new IFTA learning management platform (LMS) is nearly here! On **February 1, 2025**, you will see a major change to the Learning Management System. The I2 Learning Hub is being retired in favor of a new, dynamic, and homegrown online education platform. When you log on to the IFTA, Inc. website, scroll down to see the IFTA logo icon for the New LMS. When you click on the icon, you will be redirected into the new learning management system platform. You will be automatically “registered” as an authorized user so your transition to this new platform will be seamless. Once you are in the system, you will notice several courses you can view. And more courses are being added frequently, so be sure to visit the site as often as you can!

We are in the process of creating a brief introductory video and a basic .pdf file that will be on the New IFTA LMS platform. These tutorials will help guide you on the basics of how to navigate and use the New IFTA LMS.

As we move from the I2 Learning Hub to this new and exciting format, all of the sessions and training modules you have used and enjoyed in the past have been moved into the New IFTA LMS for your use and reference. This will include several favorites such as IFTA For New Commissioners, What Is IFTA, and IFTA Licensing. All of the older sessions will undergo refurbishment and content updates to provide you with the latest Agreement, statutory, and regulatory requirements over the next year, so be on the lookout for those updates!

Shortly, we will unveil a new branding theme for the IFTA LMS. We are very excited about these changes and look forward to further serving our community with innovative methods of education. In the months ahead, we will be rolling out our series for New Auditor Training and a comprehensive look at the Dispute Resolution Process. The New IFTA LMS is an exciting venture for all of us and it is long overdue. Check the IFTA, Inc. website frequently for updates on this new platform. As always, please reach out to us through LMShelp@iftach.org with any questions or to seek assistance on using the IFTA Learning Management System.

Sincerely,

Rick LaRose
