

NOTICE TO IFTA JURISDICTIONS

October 3, 2025

Subject: Canada Post strike

On September 25, 2025, Canada Post and its workers' union announced a postal strike, resulting in mail disruption across Canada. As a result, the jurisdiction of Québec has suspended the mailing of 2025 IFTA decals until postal services resumes. Other measures are being prepared in the event of a prolonged strike.

We ask that enforcement agencies in other jurisdictions take this into consideration before issuing citations to Québec-based carriers (for example, if a new carrier is unable to display its decals).

We apologize for the inconvenience and remain available to discuss the matter.

Best regards,
