### INTRODUCING IFTA'S TRUedu!

The all new IFTA TRUedu learning management platform is here! TRUedu, short for **TAXABLE ROAD USE Education**, IFTA TRUedu is a comprehensive, innovative, and user friendly, online education system for the IFTA Membership and other authorized users. Built to educate users on all things "IFTA", TRUedu has an easy to navigate look and feel as the content continues to evolve and be enhanced to help all stakeholders better understand every nuance of this unique, visionary, and historic method of tax administration. No changes to your login credentials through the secured portion of the IFTA, Inc. website will be necessary as the transition to TRUedu is seamless!

As we continue to build upon this new and exciting format, all of the sessions and training modules you have used and enjoyed in the past have been moved into TRUedu for your use and reference. This will include several favorites such as IFTA For New Commissioners, What Is IFTA, and IFTA Licensing. All of the older sessions will undergo refurbishment and content updates to provide you with the latest Agreement, statutory, and regulatory requirements over the next year, so be on the lookout for those updates!

In the months ahead, we will be rolling out our series for New Auditor Training and a comprehensive look at the Dispute Resolution Process. This is an especially exciting venture for all of us and it is long overdue. Check the IFTA, Inc. website frequently for updates on this new platform. TRUedu is IFTA's new home for learning with you in mind. As always, please reach out to us through [LMShelp@iftach.org](mailto:LMShelp@iftach.org) with any questions or to seek assistance on using TRUedu.

Sincerely,

Rick LaRose  
Deputy Director, IFTA, Inc.
