THE IFTA TAX RETURN TRAINING IS NOW AVAILABLE!

IFTA, Inc. is pleased to announce that the TRUedu IFTA Tax Return training is now published and available to all participants. This session takes a comprehensive look at the tax return filing process. Starting with who must file an IFTA tax return, when such returns are due, and the basics of the information required to be reported, this engaging and informative session will provide you with a clear understanding of how the filing of an IFTA tax return is easy for the licensee, the tax practitioner, and the jurisdictions administering the tax on behalf of all members of the International Fuel Tax Association. Included in this session is a discussion on tax rates, exemptions, split tax rates, and tax holidays.

This session is designed for jurisdictions, motor carriers, service providers, and tax practitioners. Once you have completed the session (remember to select "Exit Activity" to record your completion) a Certificate of Completion will be available for download. There is also a brief post session survey designed for you to provide us with information to help make your TRUedu experience even better in the future. Please take a moment to fill out the survey upon completing the session. Remember, TRUedu is IFTA's home for online learning. As always, please reach out to us through LMShelp@iftach.org with any questions or to seek assistance on using TRUedu.

Sincerely,

Rick LaRose
