

COMMONWEALTH of VIRGINIA

DEPARTMENT OF TRANSPORTATION

1401 EAST BROAD STREET
RICHMOND, VA 23219

Charles A. Kilpatrick, P.E.
Commissioner

September 20, 2016

TO: Affected Agencies and Shippers/Carriers

SUBJECT: Waiver for Carriers Transporting Gasoline and Petroleum Products

Based on the Colonial Pipeline shut down in Shelby County, Alabama and the potential result in gasoline supply disruptions to the Commonwealth the Governor declared a State of Emergency on September 9, 2016 as a measure for uninterrupted gasoline distribution thereby seeking relief for all carriers transporting petroleum products in and through areas of the Commonwealth in order to prevent any resource shortage occasioned by this disaster.

As a result, the Virginia Department of Motor Vehicles authorizes a temporary waiver of registration and licensing requirements for carrier, and the Commissioner of Highways authorizes a temporary waiver of normal weight and width restrictions on roads controlled by the Virginia Department of Transportation, for the express purpose of preventing any potential resource shortages or fuel supply disruptions caused by this situation. This waiver is effective beginning 12AM September 20, 2016 until 12AM October 5, 2016 and includes an exemption, in coordination with the Virginia Department of Emergency Management, which activates the FMSCA Section 390.23 Relief of Regulations associated with hours of service. This waiver only pertains to statewide shippers and carriers directly associated with transporting gasoline and petroleum based products.
