

IFTA Clearinghouse Corner

The IFTA Clearinghouse Advisory Committee (CAC) is excited to reconvene our regular feature in the IFTA News.

CAC Committee Vacancy

The CAC is currently looking to fill a vacancy in our Northeast Region. If you are interested, please check out the CAC page at <https://www.iftach.org/committee/cac/> to learn more about the committee and what we do.

New Feature #1: Electric Vehicle & Hydrogen Field Definitions

Electricity is now listed as a fuel type in the Tax Rate Matrix. It has also been added to the Clearinghouse Transmittal Data Definitions as EV for Electric Vehicle and HD for Hydrogen. These codes will be used in the IFTA Clearinghouse.

New Feature #2: Transmittal Reports Now Available in CSV format

Have you seen the new CSV for IFTA Transmittal Reports? You can find this new feature on the IFTA Transmittal website. The CSV format is compatible with Microsoft Excel.
