

IFTA LEC CONFERENCE CALL MARCH 22, 2011

ATTENDING:

Committee:

Jennifer Brown AZ (Chair)
Andrew Markle ON
David Couprie MB
Rob Chapple SK
Garry Hinckley ME (Lead Board Liaison)
Stuart Zion CO (Board Liaison)

IFTA INC

Debbie Meise
Tammy Trinker

As only four / eleven committee members were on-line, no quorum existed to hold any votes.

Andrew Markle briefly touched on the upcoming fall workshop. Ideas for LEC presentations are being sought to increase our participation. He asked about more topics of interest.

Jennifer Brown asked about a presentation on Border Security Issues that they face in their jurisdiction with the Mexican border. All felt that this would be a good topic to put forward. Jennifer will work on it.

Jennifer also talked about a replacement item for the usual outside "fuel sampling/weighing" demos that we usually do. She will try to get a driving simulator / qualification test truck. All were in agreement again.

Debbie pointed out that the committee is currently short two members from the NE jurisdictions. On our request, IFTA Inc will send a solicitation for interest to the jurisdictions from that area.

All discussed the need for another Co-vice chair to replace Georges Sansfraçon who had to resign his position with the committee. Agreed that this position is needed, and will be brought forward at the next call.

Debbie asked if anyone has minutes from the conference calls for November and December 2010, and January and February 2011. She has no sign of them. If anyone can find them, please forward to Debbie.

Next call re-scheduled to APRIL 19th, same time and call-in info.

Meeting adjourned.
