AGREEMENT PRINCIPLE

R110 TITLE

This multijurisdictional agreement shall be referred to, cited, and known as the International Fuel Tax Agreement, referred to hereinafter as "the Agreement".

*R120 GOVERNING DOCUMENTS

The Audit Manual and Procedures Manual authorized by this Agreement are equally expressive of, and constitute evidence of this multijurisdictional agreement. The provisions of all three IFTA documents shall be equally binding upon the member jurisdictions and IFTA licensees and are known as the IFTA governing documents.

*R130 PURPOSE

It is the purpose of this Agreement to promote and encourage the fullest and most efficient possible use of the highway system by making uniform the administration of motor fuels use taxation laws with respect to motor vehicles operated in multiple member jurisdictions.

.100 To effect this purpose, the Agreement implements three core provisions that, as between states of the United States, constitute an interstate compact approved by Congress in the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). These core provisions, incorporated by ISTEA, are:

.005 The base jurisdiction concept, which allows a licensee to report and to pay motor fuel use taxes to a base jurisdiction for distribution to other member jurisdictions in which the licensee traveled and incurred motor fuel use tax liability.

.010 Retention of each jurisdiction's sovereign authority to determine tax rates, exemptions and exercise other substantive tax authority.

.015 A uniform definition of the vehicles to which the Agreement applies.

.200 To enable participation in this Agreement and to supplement the core provisions, the relationship among the member jurisdictions is further expressed in:

.005 Reciprocal statutes enacted in member jurisdictions authorizing participation in IFTA, and

.010 Provisions in the Agreement reflecting a reciprocal administrative agreement for the administration of the IFTA program. These administrative provisions are subject to amendment and interpretation as provided in this Agreement.

*R140 COOPERATIVE ADMINISTRATION

It is the purpose of this Agreement to enable participating jurisdictions to act cooperatively and provide mutual assistance in the administration and collection of motor fuels use taxes. By virtue of signing an IFTA license application or a renewal containing the certification set out in P160, a person who applies for and operates under an IFTA license agrees to be bound by the duties and obligations of licensees as set forth in the Agreement currently and as it may be amended. The base jurisdiction must enforce those duties and obligations

within its jurisdiction. The member jurisdictions may also enforce those duties and obligations within their jurisdictions. The licensee acknowledges that, in addition to the licensee's duties and obligations under the Agreement, the licensee is also subject to the laws, rules and regulations of all jurisdictions in which it operates.

***R150 ONE LICENSE AND ONE BASE JURISDICTION**

It is the purpose of this Agreement to establish and maintain the concept of one fuel use license and administering base jurisdiction for each licensee and to provide that a licensee's base jurisdiction will have the primary responsibility for administering this Agreement and executing its provisions with respect to such licensee.

- R209** IFTA Ballot 4-2002 amended IFTA Articles of Agreement Section R209 to expand the definition of an audit and was effective July 1, 2004.

[Editor's Note: IFTA Ballot 15-2004 attempted to amend the Articles of Agreement, Section R209. However, IFTA Ballot 4-2002 had amended the same language effective July 1, 2004.]

- R209** IFTA Ballot 4-2002 amended IFTA Articles of Agreement Section R209 to expand the definition of an audit and was effective July 1, 2004.
- R212** See commentary at IFTA Articles of Agreement Section R130 regarding amendments to accommodate jurisdictions outside of the United States.
- R212** In July 1991, the membership unanimously ratified inclusion of Consensus Board Interpretation, Issue 4, as narrative to IFTA Articles of Agreement Sections R212 and R510.200.

ISSUE: Whether an independent contractor based in an IFTA jurisdiction, but permanently leased to a carrier not based in an IFTA jurisdiction, must be licensed as an IFTA licensee when the lease agreement between the lessor and lessee provides that the lessee (carrier based in a non-IFTA jurisdiction) is responsible for reporting and remitting of the fuel use tax.

In the fact situation set forth in this issue, the lessors are located in Indiana and the lessees are located in non-IFTA jurisdictions. The lease agreement specifically states that the lessees will report and pay the fuel use taxes. The lessees would not qualify as IFTA licensees because they do not meet the requirement of "base jurisdiction" set forth in Section R212.

It has come to the attention of Indiana that other jurisdictions are ticketing such lessors' vehicles because they do not have an IFTA decal or cab card. If such lessors were to become IFTA licensees in Indiana, they would simply be licensing to file quarterly returns showing no operations because the lessees would be reporting and paying the fuel use tax to Indiana pursuant to their annual motor carrier fuel tax permits. Apparently, the lessors are receiving tickets even though they are carrying copies of their lease agreements that clearly show the non-IFTA carriers are responsible for reporting and remitting the fuel use taxes. Further, the lessee is properly licensed in the other jurisdiction to report and pay the fuel tax, and the appropriate credentials are being carried in the vehicle. It seems apparent that the licensing of these lessors as IFTA carriers is unnecessary in light of the fact that they are leased to non-IFTA carriers. Indiana proposed that such lessors should not be IFTA licensees.

BOARD INTERPRETATION:

The Board unanimously concurred with Indiana's Interpretation.

R212 In July 1991, the membership unanimously ratified inclusion of Consensus Board Interpretation, Issue 6, as narrative to IFTA Articles of Agreement Sections R212, R224, R245, R800, R820, and R1000.

ISSUE: Can the State of Indiana allow buses tax-exempt status; if this is permitted, are all fuel purchases made by the buses in Indiana fully refundable?

BOARD INTERPRETATION:

The Board consensus was that a jurisdiction may have its own specific exemptions for types of vehicles. However, jurisdictions are required to collect taxes and enforce fuel tax reporting pursuant to other jurisdictions' laws regarding vehicles taxed in their jurisdictions. The Board agreed that in the case of a return being filed where there is a vehicle exemption, the return would be prepared by the carrier to include miles traveled in the total miles field, not include those miles in the taxable miles field, and the carrier would receive credit for any purchases made. The Board also agreed that various examples of how to accommodate exemptions from other jurisdictions would be sent to the membership for review.

R215 IFTA Ballot 4-2004 amended the IFTA Articles of agreement, Section R215 to redefine cancellation and was effective July 1, 2006. Also see commentary to R410.

R220 IFTA Ballot 1-2020 amended the IFTA Articles of Agreement to add the definition of Eligible Member Jurisdiction and became effective January 1, 2022.

R222 IFTA Ballot 3-2013 amended the IFTA Articles of Agreement to add a definition of Gallon and was effective July 1, 2015.

R224 IFTA Ballot 1-92 amended IFTA Articles of Agreement Section R224 to include miles operated under a temporary permit and was effective January 1, 1993.

R224 See commentary at IFTA Articles of Agreement Section R130 regarding amendments to accommodate jurisdictions outside of the United States.

R224 In July, 1991, the majority of the membership concurred to include the commentary on miles traveled while under a trip permit as narrative to IFTA Articles of Agreement Sections R224 and R263. The quote is as follows:

Miles traveled while utilizing a trip permit would be included in total miles traveled, and the miles would also be reported as part of the total miles traveled in the applicable jurisdiction. However, the miles would not be included as taxable miles traveled for that jurisdiction. Fuel purchases while traveling under a trip permit would be included in total fuel consumed and should also be included in the tax-paid purchase column (if taxes were paid at the time the fuel was purchased) under the appropriate jurisdiction.

R224 See commentary at IFTA Articles of Agreement Section R212 regarding vehicle exemptions.

R224 In July 2000, the membership ratified inclusion of Consensus Board Interpretation, Issue 56-99, as narrative to the IFTA Articles of Agreement, Sections R224 and R830.100

ISSUE: Doesn't a member jurisdiction have the responsibility to honor the exempt/nontaxable mile claim of one of its base carriers when the carrier claims nontaxable miles from a member jurisdiction when it is clearly stated in the member jurisdiction's fuels tax code and annual IFTA Report?

BOARD INTERPRETATION:

Exempt/nontaxable miles or kilometers in any jurisdiction may be claimed on a licensee's IFTA tax return filed in its base jurisdiction. Such exempt miles or kilometers, if allowed by the law of the jurisdiction for which the exemption is claimed, may be deducted from that jurisdiction's total miles or kilometers to compute taxable miles or kilometers.

- R227** IFTA Ballot 12-2001 amended IFTA Articles of Agreement Section R227 to add a state of the United Mexican States to the definition of "Jurisdiction" and was effective January 1, 2003.
- R230** IFTA Ballot 2-1993 was intended to better define the parties responsible for reporting and paying the fuel use taxes in short-term lease situations. The ballot added IFTA Articles of Agreement Sections R230 and R233 to define "Lessor" and "Lessee". The ballot was effective July 1, 1995. See commentary at IFTA Articles of Agreement Section R510 regarding responsible party under lease agreements.
- R233** See commentary at IFTA Articles of Agreement Section R230
- R237** IFTA Ballot 3-2013 amended the IFTA Articles of Agreement to add a definition of Liter and was effective July 1, 2015.
- R239** IFTA Ballot 1-2001 amended IFTA Articles of Agreement Section R239 to embody the core principles identified in the Final Report of the State Legislation and Constitutional Provisions Project conducted by NCSL and was effective July 1, 2003.
- R239** IFTA Ballot 8-2022 amended the IFTA Articles of Agreement Section 239 to add alternative fuels, as defined by the U.S. Department of Energy, and to add that any other type of energy used to propel a vehicle, to the definition of fuel within the IFTA agreement so that electric, hydrogen and other types of alternative energy vehicles can be registered for IFTA and became effective upon passage.
- R245** See commentary at IFTA Articles of Agreement Section R130 regarding amendments to accommodate jurisdictions outside of the United States.
- R245** See commentary at IFTA Articles of Agreement Section R212 regarding vehicle exemptions.
- R245** IFTA Ballot 19-91 amended IFTA Articles of Agreement Section R245, clarifying the definition of a qualified motor vehicle, with an effective date of December 15, 1992.
- R245** In July 1992, the membership voted to include the Consensus Board Interpretation, Issue 12, as narrative to IFTA Articles of Agreement R245.

ISSUE: North Carolina questions a portion of the definition of a qualified motor vehicle. North Carolina understands that the axles of trailing units have no bearing and that the part of the definition alluding to number of axles applies only to the axles on the power unit, irrespective of any trailing units. If a motor carrier has a power unit having two axles, weighing less than 26,000 pounds, but pulling a trailing unit, and the combination weighs less than 26,000 pounds, would such be a qualified motor vehicle?

BOARD INTERPRETATION:

The Consensus Board Interpretation is that the axles of a trailing unit have no bearing on this definition. The part of the definition alluding to the number of axles applies only to the axles on the power unit, irrespective of any trailing units. The Board agreed that a power

unit with two axles, pulling a trailing unit, with a combined gross or registered weight of 26,000 pounds or less is not a qualified motor vehicle. The first and second definitions of a qualified motor vehicle refer only to the power unit. The third definition refers to the combination of the power unit and the trailing unit.

- R245** Ballot 4-1993 amended IFTA Articles of Agreement Section R245 to more accurately reflect the reference to the kilograms. In July 1992, the Audit Committee was assigned the responsibility to research the issue. Ballot 4-1993 resulted and was effective January 1, 1994.
- R247** IFTA Ballot 3-2015 amended the IFTA Articles of Agreement adding the definition of Records and was effective January 1, 2017.
- R248** IFTA Ballot 7-2022 amended the IFTA Articles of Agreement added a Records Review definition and changed the Recreational Vehicle definition number to *R249 and became effective upon passage.
- R249** IFTA Ballot 7-2022 amended the IFTA Articles of Agreement changed the Recreational Vehicle definition number to *R249 and became effective upon passage.
- R254** IFTA Ballot 15-2004 amended the IFTA Articles of Agreement to provide greater clarity and make the language more consistent with all of the IFTA Governing Documents and was effective January 1, 2006.
- R258** IFTA Ballot 14-2005 amended the IFTA Articles of Agreement to add a definition of Roadside Enforcement and was effective January 1, 2007.

APPLICATION AND RENEWAL

***R305 LICENSING REQUIREMENT**

Any person based in a member jurisdiction operating a qualified motor vehicle(s) in two or more member jurisdictions is required to license under this Agreement, except as indicated in IFTA Articles of Agreement Sections R310 and R500.

If a jurisdiction determines that a person required to become licensed under this Agreement has failed to do so, the jurisdiction is specifically authorized to assess and collect any and all fuel taxes due from such person for all member jurisdictions in accordance with IFTA Articles of Agreement Sections R1100 and R1200.

R310 TRIP PERMITS

In lieu of motor fuel tax licensing under this Agreement, persons may elect to satisfy motor fuels use tax obligations on a trip-by-trip basis.

R315 APPLICATION FOR LICENSE

A person shall file an application for licensing with the base jurisdiction. The fuel tax license application shall have the content specified in the IFTA Procedures Manual Section P100.

***R320 DESIGNATION OF LICENSEE**

Tax licensing under this Agreement shall be in the name of the licensee. IFTA Articles of Agreement Section R500 designates the party responsible for tax reporting and payment of fuel taxes in the case of lessors/lessees, independent contractors, and household goods agents.

***R325 BASE JURISDICTION DETERMINATION**

An applicant not based in a member jurisdiction may make application for licensing to any member jurisdiction in which it operates. The jurisdiction receiving such application may accept or reject it. If licensed pursuant to this section, the licensee shall agree to make operational records available for audit in the base jurisdiction, or pay the reasonable per diem travel expenses for auditors to audit the records located outside of the base jurisdiction, at the discretion of the base jurisdiction. A person licensed under this section shall apply for an IFTA license to the jurisdiction in which it is based immediately upon notification that the jurisdiction has become an IFTA member jurisdiction. The license shall become effective the following license year.

***R330 APPLICATION PROCESSING**

Upon receipt of an IFTA fuel tax license application from a new applicant, the base jurisdiction should check all entries on the application to ensure that they are complete. If the base jurisdiction feels more information is required, the licensee should immediately be contacted requesting the required information. Upon being satisfied that the application is correct and that the applicant is in compliance with the base jurisdiction's laws, the base jurisdiction shall issue the fuel tax credentials for the fleet.

R335 NON-ISSUANCE OF LICENSE

A license will not be issued if the applicant has been previously licensed under this Agreement and that license is still under revocation by any member jurisdiction or the application contains any misrepresentation, misstatement, or omission of information required in the application.

***R340 BOND REQUIREMENT**

The base jurisdiction may require a licensee to post a bond if one of the following conditions exist:

- .100** failure to file tax returns timely or to remit taxes timely;
- .200** when an audit indicates problems severe enough that, in the commissioner's discretion, a bond is required to protect the interests of the member jurisdictions; or
- .300** the issuance of an IFTA license, when the applicant is seeking the license pursuant to R325.

Requirements for posting of bonds are outlined in IFTA Procedures Manual Section P400.

***R345 LICENSE RENEWAL**

- .100** A renewal license and decals for the following calendar year will be issued upon application if the license is not revoked, suspended or canceled, all tax returns have been filed, and all motor fuels use taxes, penalties and interest due have been paid and the applicant is in compliance with the base jurisdiction's laws.
- .200** In lieu of renewal application, jurisdictions may notify a licensee that meets the requirements of R345.100 that their license will automatically be renewed for the following calendar year.
- .300** Jurisdictions have the right to cancel or deny renewal of an IFTA license to a carrier that does not leave the confines of the borders of the base jurisdiction and reports zero or base jurisdiction distance only for three (3) or more consecutive quarters. The base jurisdiction has the right to require proof of out of jurisdiction travel prior to allowing the carrier to get licensed again under the IFTA agreement. Proof may be in the manner of out of jurisdiction fuel permits purchased and/or amended IFTA returns showing actual distance traveled during a quarter already filed or for those reasons the base jurisdiction deems necessary to reissue the license including but not limited to the list included in R345.100.

***R350 NOTIFICATION TO MEMBER JURISDICTIONS**

The base jurisdiction shall send to each member jurisdiction a listing of new applicants, identifying the license numbers assigned. New applicant information shall be forwarded to each member jurisdiction quarterly.

R355 FEES

The base jurisdiction may collect its statutorily authorized fees for issuance of the license and decals to licensees based in its jurisdiction.

R360 PROVIDING INFORMATION TO LICENSEES

Each jurisdiction shall provide licensees and prospective licensees with all information required to enable them to comply with all the terms of this Agreement. When credentials are issued to a new licensee, information shall be provided to the licensee which completely describes the requirements of the Agreement. This should include, but not be limited to:

- .100** Instructions for display of license or cab card and decals;
- .200** Licensing requirements and cancellation provisions;
- .300** Tax reporting and recordkeeping requirements;
- .400** Audit information;
- .500** Explanation of base jurisdiction determination.

As the Articles of Agreement, Procedures Manual, and Audit Manual are revised, it is the responsibility of each base jurisdiction to notify its licensees of the current requirements.

***R365 EFFECT OF AMENDMENTS TO AGREEMENT**

- .100** If a licensee does not accept a revision to the Agreement as set out in a notice referred to in R360, the licensee must notify the base jurisdiction in writing that it is canceling its IFTA license. The motor carrier shall destroy its IFTA license and remove all decals and copies of the license from its qualified motor vehicles. A statement that this has been done shall be included in the notification to the base jurisdiction.
- .200** Any licensee that notifies a base jurisdiction pursuant to R365.100, but does not destroy its license and remove all decals, is subject to appropriate penalties as imposed by a jurisdiction.

***R370 LICENSEE RIGHT OF APPEAL**

An applicant who has been denied a license or whose license has been revoked may file an appeal in accordance with IFTA Articles of Agreement Section R1400.

Commentary to Article III

R305 In July 1993, the membership voted to include the Consensus Board Interpretation, Issue 31, as narrative to IFTA Articles of Agreement Section R305.

ISSUE: May a carrier with vehicles based in multiple jurisdictions (IFTA and non-IFTA) be allowed to license and report all its vehicles through a non-IFTA jurisdiction?

BOARD INTERPRETATION:

The Consensus Board Interpretation is that Section R310 allows the option of a trip permit. Section R500 allows different requirements for lessors, lessees, independent contractors, and household goods agents.

Assuming the carrier does not qualify for either of these exemptions, has qualified vehicles based in an IFTA jurisdiction and operates in two or more IFTA jurisdictions, the carrier must be licensed for IFTA. Section R212 defines a base jurisdiction.

R305 IFTA Ballot 9-1995 amended IFTA Articles of Agreement R305 to expand the licensing requirement to include a person operating a qualified motor vehicle in a member jurisdiction and a RFTA jurisdiction and was effective July 1, 1997. Also, see Commentary to IFTA Articles of Agreement R1900 regarding and IFTA/RFTA cooperative agreement.

R305 IFTA Ballot 10-2001 amended IFTA Articles of Agreement R305 to remove the expanded language regarding operating in a member jurisdiction and a RFTA jurisdiction which was added by Ballot 9-1995 and was effective January 1, 2002.

R305 IFTA Ballot 3-2014 amended the IFTA Articles of Agreement to add jurisdiction authorization to assess and collect fuel use taxes for a carrier that failed to license when required to. Effective January 1, 2017.

R320 IFTA Ballot 15-2004 amended the IFTA Articles of Agreement to provide greater clarity and make the language more consistent with all of the IFTA Governing Documents and was effective January 1, 2006.

R325 See commentary at IFTA Articles of Agreement Section R130 regarding amendments to accommodate jurisdictions outside of the United States.

R325 IFTA Ballot 7-2004 amended IFTA Articles of Agreement Section R325 to clarify that an IFTA member jurisdiction may license a motor carrier based in a non-member jurisdiction and that such motor carrier must either pay audit expenses or make the records available in the base jurisdiction at the discretion of the base jurisdiction and was effective January 2006. Also, see commentary to R960.

ISSUE: The State of Indiana, Indiana Department of Revenue has two (2) issues/questions for the International Fuel Tax Association, Inc.

1. Under the International Fuel Tax Agreement Articles of Agreement, can a person or licensee hold more than one (1) fuel license in separate jurisdictions, or must a person hold only one (1) fuel license in a base jurisdiction?
2. Under the International Fuel Tax Agreement Articles of Agreement, can a person or licensee hold more than one (1) fuel license in the base jurisdiction?

BOARD INTERPRETATION:

The Board agreed upon the following resolution in response to the CBI request:

1. Nothing in the Agreement prohibits a person or licensee from holding more than one fuel license in separate jurisdictions; and
2. Nothing in the Agreement prohibits a licensee from obtaining multiple licenses within one jurisdiction.

R330 IFTA Ballot 1-2006 amended IFTA Articles of Agreement Section R330 to allow jurisdictions more flexibility with the application process and issuance of credentials and was effective December 5, 2006.

R340 IFTA Ballot 8-2004 and Ballot 15-2005 amended the IFTA Articles of Agreement Section R340 to allow a member jurisdiction to require a bond when licensing a carrier under R325, and to make the language more consistent with all of the IFTA Governing Documents and were effective January 1, 2006. Also, see commentary to R910.

R345.100 IFTA Ballot 2-2006 amended IFTA Articles of Agreement R345 to provide that a jurisdiction will renew an IFTA license if it is not revoked or cancelled, if all returns have been filed, all taxes, penalties and interest have been paid, and the applicant is in compliance with base jurisdiction laws and was effective December 5, 2006.

R345.100 IFTA Ballot 3-2009 amended the IFTA Articles of Agreement R345 to add suspended to the license statuses for which a licensee will not be issued IFTA renewal credentials.

R345.200 Ballot 9-1996 added IFTA Articles of Agreement Section R345.200 to provide that IFTA licenses may be automatically renewed by member jurisdictions under certain circumstances and was effective July 1, 1998.

R345 [EDITOR'S NOTE: In light of the passage of Ballot 9-1996, effective July 1, 1998, Commentary resulting from the ratification of Issue 9 is no longer valid as of that date because said Commentary is in direct conflict to the language of Ballot 9-1996. The Commentary regarding Issue 9 is for historical reference only.]

In July 1992, the membership voted to include the commentary from Consensus Board Interpretation, Issue 9, as narrative to IFTA Articles of Agreement Section R345.

ISSUE: Can the State of Utah automatically renew its IFTA licenses without requesting a renewal application to be completed?

BOARD INTERPRETATION:

Section R345 of the Agreement states:

A renewal license and decals for the following calendar year will be issued upon application if the license has not been revoked or canceled, all returns have been filed, and all motor fuels use taxes, penalties, and interest due have been paid.

Utah complies with all of these procedures except it does not have the carrier file an application. We believe this is clearly not in compliance with the Articles of Agreement. "A renewal license will be issued upon application" The Board also believes Utah should change its procedure to require the carrier to file an application. We hasten to add that this renewal application could be as simple as the card Utah already sends to update decal

needs and address changes. Many other states do something similar and appropriately consider that a renewal application.

The Board believes the Articles of Agreement should not be rewritten at this time to allow automatic renewals of licenses without application. While this may seem to be a small change, it would erode our foundation of uniformity. The more states deviate with interpretations of the Agreement, the less viable our organization becomes.

R345 IFTA Ballot 15-2004 amended the IFTA Articles of Agreement to provide greater clarity and make the language more consistent with all of the IFTA Governing Documents and was effective January 1, 2006.

R345.300 IFTA Ballot 6-2007 amended the IFTA Articles of Agreement to allow a base jurisdiction to deny renewal of a carrier's IFTA license for filing zero or base jurisdiction distance only for three (3) consecutive quarters or more and was effective January 1, 2008.

R350 In July 2001, the membership voted to include Consensus Board Interpretation, Issue 58-01, as narrative to IFTA Articles of Agreement Section R350 and referenced at Sections R410.300, R420.300 and 430.300.

ISSUE: Whether the commentary currently found to R350 and referenced at R410.300, R420.300 and R430.300 conflicts with the provisions found in these sections.

BOARD INTERPRETATION:

Pursuant to R350 and R410.300, new account information, including the license number, and canceled account information shall be forwarded by each jurisdiction to all other member jurisdictions quarterly. There is no requirement that this be a cumulative report.

Pursuant to R420.300 and R430.300, license suspension, revocation and reinstatement information shall be forwarded by each jurisdiction to all other member jurisdictions within ten (10) days of the suspension, revocation or reinstatement. There is no requirement that this information become part of the quarterly report.

The previous commentary to R350 is hereby repealed.

[EDITOR'S NOTE: The commentary to R350 resulting from issue 20-92, and repealed by issue 58-01 remains for historical reference only.]

R350 In July 1992, the membership voted to include Consensus Board Interpretation, issue 20-92, as narrative to IFTA Articles of Agreement Section R350 and Section R410.300, R420.300 and 430.300.

ISSUE: What type of notification should be sent to each jurisdiction and in what manner?

EXAMPLE:

New licenses should be sent out in a quarterly report. Would this report then only be for that quarter and not be cumulative?

On revocations, cancellations, and suspensions, the report is sent within 10 days and is included in a quarterly cumulative report. Is this quarterly necessary?

Cancellations are quarterly generated. Is this a cumulative quarterly report?

BOARD INTERPRETATION:

The Consensus Board Interpretation is that the report be sent on a quarterly basis and information is not cumulative. Based upon the Articles of Agreement, jurisdictions are expected to comply.

Jurisdictions are expected to send within 10 days information on revocations, reinstatements, cancellations, or suspensions. This information becomes part of the quarterly report.

- R365** IFTA Ballot 1-2001 added IFTA Articles of Agreement Section R365 to embody the core principles identified in the Final Report of the State Legislation and Constitutional Provisions Project conducted by NCSL and was effective July 1, 2003.
- R370** IFTA Ballot 1-2001 added IFTA Articles of Agreement Section R365 to embody the core principles identified in the Final Report of the State Legislation and Constitutional Provisions Project conducted by NCSL and was effective July 1, 2003. The previous Section R365 was renumbered to R370.

ARTICLE IV

R400

CANCELLATION, REVOCATION, AND SUSPENSION

***R410 LICENSE CANCELLATION**

- .100** A base jurisdiction may, at the request of a licensee or on its own initiative, cancel a license if the licensee has complied with all applicable provisions of this Agreement, including the satisfaction of all motor fuel use tax obligations for the license period. The base jurisdiction shall instruct its licensees that, upon cancellation, the original IFTA license, all license copies, and all decals shall be destroyed.
- .200** Licenses shall be canceled in accordance with the administrative procedure laws of the base jurisdiction.
- .300** The read only Clearinghouse member jurisdictions shall notify all Clearinghouse member jurisdictions quarterly of all canceled accounts.

***R420 LICENSE SUSPENSION AND REVOCATION**

- .100** Failure to comply with all applicable provisions of this Agreement shall be grounds for suspension or revocation of the license issued under this Agreement.
- .200** Licenses shall be suspended or revoked in accordance with the administrative procedure laws of the base jurisdiction.
- .300** The read only Clearinghouse member jurisdictions shall notify all Clearinghouse member jurisdictions within 10 days of all suspensions and revocations.

***R430 LICENSE REINSTATEMENT**

- .100** A former licensee whose license has been revoked may have that license reinstated. Before a license may be reinstated, the base jurisdiction may require a reinstatement fee in accordance with the existing jurisdictional laws.
- .200** The base jurisdiction may also require the reinstated licensee to post a fuel tax bond in an amount sufficient to satisfy any potential liability to all member jurisdictions.
- .300** The read only Clearinghouse member jurisdictions shall notify all Clearinghouse member jurisdictions within 10 days of all reinstatements.

Commentary to Article IV

- R410.100** IFTA Ballot 4-2004 amended the IFTA Articles of agreement, Section R410 to redefine license cancellation and was effective July 1, 2006. Also, see commentary to R215.
- R410.200** In July 1998, it was unanimously ratified by the membership to include Consensus Board Interpretation,
- R420.200** Issue 54-98, as narrative to IFTA Articles of Agreement Sections R410.200 and R420.200.

ISSUE: When an IFTA licensee fails to file a quarterly fuel tax report and subsequently fails to respond to the Failure to File Notice and Best Information Available Assessment or fails to respond to an assessment of additional tax, interest and/or penalty within the prescribed 30-day period, does the base jurisdiction:

- 1) issue a revocation notice allowing a 30-day period to file an appeal (Articles of Agreement Section R1410);
- 2) follow its own administrative procedures laws (Articles of Agreement Sections R410.200 and R420.200); or
- 3) issue an immediate revocation (Articles of Agreement Section R1260)?

BOARD INTERPRETATION:

The base jurisdiction would follow its own administrative procedures laws regarding the revocation/suspension of an IFTA license and the appeal of such action. The Articles of Agreement Sections R410.200 and R420.200 control with respect to the revocation/suspension of an IFTA license because it addresses a specific occurrence and provides a specific course of action. The 30-day period prescribed in the Articles of Agreement Section R1410 would be applicable if the base jurisdiction did not have provisions in its administrative procedures laws for revocation/suspension of licenses and appeals of such actions.

- R410.300** See commentary at IFTA Articles of Agreement Section R350 regarding notification to members of changes in licensee status
- R420.300**
- R430.300**
- R400** Ballot 4-2015 amended the Articles of Agreement, Sections A410, A420 and A430 to require Cancellation, Revocation, Suspension and Reinstatement reports to be sent by read only Clearinghouse member jurisdictions.

LESSORS/LESSEES AND HOUSEHOLD GOODS CARRIERS

*R510 RENTAL/LEASING

- .100** Short-Term Leases. In the case of a short-term motor vehicle rental, by a lessor regularly engaged in the business of leasing, or renting motor vehicles without drivers, for compensation to licensees or other lessees of 29 days or less, the lessor will report and pay the fuel use tax unless the following two conditions are met:
- .005** The lessor has a written rental contract which designates the lessee as the party responsible for reporting and paying the fuel use tax; and
 - .010** The lessor has a copy of the lessee's IFTA fuel tax license which is valid for the term of the rental.
- .200** Long-Term Leases. A lessor regularly engaged in the business of leasing or renting motor vehicles without drivers for compensation to licensees or other lessees may be deemed to be the licensee, and such lessor may be issued a license if an application has been properly filed and approved by the base jurisdiction

*R520 HOUSEHOLD GOODS CARRIERS

In the case of a household goods carrier using independent contractors, agents, or service representatives, under intermittent leases, the party liable for motor fuel use tax shall be:

- .100** The lessee (carrier) when the qualified motor vehicle is being operated under the lessee's jurisdictional operating authority. The base jurisdiction for purposes of this Agreement shall be the base jurisdiction of the lessee (carrier), regardless of the jurisdiction in which the qualified motor vehicle is registered for vehicle registration purposes by the lessor or lessee.
- .200** The lessor (independent contractor, agent, or service representative) when the qualified motor vehicle is being operated under the lessor's jurisdictional operating authority. The base jurisdiction for purposes of this Agreement shall be the base jurisdiction of the lessor, regardless of the jurisdiction in which the qualified motor vehicle is registered for vehicle registration purposes.

*R530 INDEPENDENT CONTRACTORS

- .100** Short-Term Leases. In the case of a carrier using independent contractors under short-term/trip leases of 29 days or less, the trip lessor will report and pay all fuel taxes.
- .200** Long-Term Leases. In the case of a carrier using independent contractors under long-term leases (30 days or more), the lessor and lessee will be given the option of designating which party will report and pay fuel use tax. In the absence of a written agreement or contract, or if the document is silent regarding responsibility for reporting and paying fuel use tax, the lessee will be responsible for reporting and paying fuel use tax. If the lessee (carrier) through a written agreement or contract assumes responsibility for reporting and paying fuel use taxes, the base jurisdiction for purposes of this Agreement shall be the base jurisdiction of the lessee, regardless of the jurisdiction in which the qualified motor vehicle is registered for vehicle registration purposes by the lessor.

R540 FILING OF LEASES

No member jurisdiction shall require the filing of such leases but such leases shall be made available upon request of any member (see IFTA Procedures Manual, Section P520).

Commentary to Article V

- R510.100** Ballot 2-1993 was intended to better define the parties responsible for reporting and paying the fuel use
- R510.200** taxes in short-term lease situations. The ballot identified the “lessor” as the responsible party, with one exception. The exception is defined in IFTA Articles of Agreement R510.100 and requires two conditions to be met. The exception only applies to lessors who are regularly engaged in the business of leasing, or renting vehicles without drivers and only when BOTH conditions are met. - R530.200** IFTA Ballot 7-1994 amended IFTA Articles of Agreement Section R530.200 to identify the responsible tax reporting party in a lease situation in the absence of a written agreement or if the written agreement is silent regarding such responsibility and was effective July 1, 1996.
- R530.200** IFTA Ballot 4-1996 amended IFTA Articles of Agreement Section R520.200 to include a lease of 30 days in the provision regarding long-term leases and was effective on October 10, 1996

ARTICLE VI

R600

VEHICLE IDENTIFICATION

***R605 IDENTIFICATION REQUIREMENT**

The base jurisdiction shall issue a license and two decals per vehicle. The license and decals shall qualify the licensee to operate in all member jurisdictions without further licensing or identification requirements in regard to motor fuel use taxes.

R610 LICENSE PERIOD

The license is valid for the current calendar year ending December 31, and shall be reproduced by the licensee and placed in the qualified motor vehicles of the licensee's fleet. The licensee's identification code will remain unchanged from year to year until the license is canceled or revoked. The decals shall be issued annually.

R615 FORM AND CONTENT

The form and content of the license and decal shall be specified in the IFTA Procedures Manual. The decal shall not be so designed as to require vehicle specific data.

***R620 POSSESSION OF LICENSE**

Each licensee shall be issued one IFTA license or cab card in paper or as an electronic image. The licensee is required to make legible paper copies or electronic images of the license so that one and a copy shall be carried in each vehicle. Member jurisdictions must accept paper originals, paper copies, or electronic images of IFTA licenses, whichever is presented by the licensee and regardless of the method by which the license was initially issued by the base jurisdiction. A vehicle will not be considered to be operating under this Agreement unless there is a copy of the license in the vehicle, or an electronic image is made available at the time it is requested.

***R625 DISPLAY OF DECALS**

Each licensee shall be issued a minimum of two vehicle identification decals for each qualified vehicle in its fleet. The decals must be placed on the exterior portion of both sides of the cab. In the case of transporters, manufacturers, dealers, or driveaway operations, or in the case of a short-term motor vehicle rental of 29 days or less whereby the lessee has assumed responsibility for reporting and paying the fuel use tax pursuant to R510, the decals need not be permanently affixed, but may be temporarily displayed in a visible manner on both sides of the cab.

R630 DISPLAY OF RENEWAL CREDENTIALS

Carriers renewing credentials may operate with the IFTA decals and license two months prior to the effective date shown on the credentials. However, those carriers are responsible for filing a fourth quarter report for the year preceding the effective date of the new credentials, including all operations for that quarter.

***R635 DISPLAY OF MULTIPLE CREDENTIALS**

Qualified motor vehicles to be operated by more than one IFTA licensee during the calendar year may display IFTA decals for each active licensee concurrently.

R640 TRANSFER OF DECALS

Decals shall not be transferred between motor vehicles without authorization from the base jurisdiction.

***R650 TEMPORARY DECAL PERMITS**

The base jurisdiction may provide for the issuance of a 30-day IFTA temporary decal permit valid for all member jurisdictions to a licensee in good standing to carry in lieu of displaying the annual decals. The base jurisdiction may charge an administrative fee to the licensee to cover the cost of issuance. Temporary decal permits must be vehicle specific and show the expiration date. The temporary decal permit need not be displayed but shall be carried in the vehicle in paper or as an electronic image.

***R655 GRACE PERIOD**

.100 Carriers from new member jurisdictions shall be allowed a two-month grace period from the date of the new member's IFTA program implementation to display the IFTA license and decals. However, carriers must maintain the proper credentials for traveling in member jurisdictions until they display the valid IFTA license and decals.

.200 Carriers renewing their IFTA license and decals have a two-month grace period (January and February) to display the renewal IFTA license and decals. To operate in IFTA jurisdictions during this grace period, carriers must display either valid current or prior year IFTA license and decals from the jurisdiction in which they were operating or a valid single-trip permit from the IFTA jurisdiction in which they are operating.

***R660 NON-COMPLIANCE**

.100 Failure to possess a copy of the license in the vehicle may subject the vehicle operator to the purchase of a trip permit, a citation, or both.

.200 Failure to display the identification decals in the required locations or to carry a temporary permit may subject the vehicle operator to the purchase of a trip permit, a citation, or both.

.300 Improper use of the license or the decals by the licensee may be cause for revocation of the license.

Commentary to Article VI

- R605** In October 1990, requiring two decals instead of one for vehicle identification was raised as an issue by some of the heavier truck traffic jurisdictions. Some jurisdictions felt that two decals (one on each side) were more appropriate because of the positioning of weigh station and port-of-entry personnel. It was hoped that better visibility of decals would improve the flow of truck traffic. IFTA Ballot 16-91 amended IFTA Articles of Agreement Sections R605 and R625 to require issuance of two decals instead of one, with an effective date of March 16, 1993.
- R620** See commentary at IFTA Articles of Agreement Section R650 regarding issuance of temporary permits in lieu of decals only.
- R620** IFTA Ballot 5-2017 amended the Articles of Agreement changed to allow the use of electronic images of licenses, at the option of the licensee and became effective January 1, 2019.
- R625** See commentary at IFTA Articles of Agreement Section R605 regarding issuance of two decals.
- R625** IFTA Ballot 1-2017 amended the IFTA Articles of Agreement to added language to include driveaway operations and language pertaining to rentals of 29 days or less.
- R630** IFTA Ballot 2-2016 amended the IFTA Articles of Agreement to allow renewed credentials to be displayed two months in advance rather than one month, with an effective date of February 10, 2017.
- R635** IFTA Ballot 90-255-4 amended IFTA Articles of Agreement R635 to cover vehicles operated by multiple licensees.
- R635** IFTA Ballot 1-2017 amended IFTA Articles of Agreement R635 to clarify short-term motor vehicle rentals and became effective on July 1, 2019.
- R650** In July 1991, the Temporary Credential Issuance Subcommittee proposed jurisdictions be permitted to issue 30-day temporary permits, allowing fleet vehicles to be placed in service immediately. IFTA Ballot 1-92 amended IFTA Articles of Agreement Section R650, allowing jurisdictions to issue 30-day temporary permits and was effective January 1, 1993.
- R650** Ballot 2-92 amends IFTA Articles of Agreement, allowing jurisdictions to issue a 30-day temporary authorization to allow a vehicle to be placed in service immediately. Ballot 2-92 was effective January 1, 1993.
- R650** In July 1998, it was unanimously ratified by the membership to include Consensus Board Interpretation, Issue 55-98, as narrative to IFTA Articles of Agreement Section R650.
- ISSUE: Whether a temporary permit, as defined in IFTA Articles of Agreement Section R263, can be issued in lieu of IFTA decals and licenses.

BOARD INTERPRETATION:

Section R650 of the IFTA Articles of Agreement does not authorize the issuance of a temporary IFTA license. The temporary permit must be issued in place of decals only. Because the IFTA does not allow the issuance of a temporary permit in lieu of an IFTA license, such a practice by a member jurisdiction subjects its licensees to citations or the purchase of trip permits in other member jurisdictions.

- R650** IFTA Ballot 14-2004 amended the IFTA Articles of Agreement Section R650 to clarify the language to state the temporary permit is a temporary decal permit and was effective January 1, 2006. Also, see commentary to R263.
- R650** IFTA Ballot 5-2017 amended the Articles of Agreement changed to allow the use of electronic images of licenses, at the option of the licensee and became effective January 1, 2019.
- R655** In July 1991, it was unanimously ratified by the membership to include Consensus Board Interpretation, Issue 3, as narrative to IFTA Articles of Agreement Section R655.

ISSUE: What is IFTA's policy concerning the grace period for displaying license and decals for new IFTA member carriers and for current IFTA member carriers?

BOARD INTERPRETATION:

The Board consensus on this issue was that the grace period applies to both the license and the display of credentials. It was agreed that the way in which the Agreement language is currently written is potentially confusing. However, based on the discussions in Indianapolis, it was felt that the grace period for the license and display of decals would be honored for this year with the understanding that the Agreement should probably be modified prior to the beginning of 1992.

- R655** Ballot 4-92 amends the IFTA Articles of Agreement Section R655 to appropriately clarify the grace period and was effective January 1, 1993.
- R655** Ballot 5-92 amends IFTA Articles of Agreement Section R655, clarifying the grace period. Ballot 5-92 was effective December 1, 1992.
- R655** In July 1992, the membership voted to include Consensus Board Interpretation, Issue 11, as narrative to IFTA Articles of Agreement Section R655.

ISSUE: Under the Agreement, decals may be displayed one month prior to their effective date, and carriers from new member jurisdictions shall be allowed a 60-day grace period from the new member's program implementation date. Realizing this issue has been brought up before, North Carolina would like clarification that if the carrier travels into an IFTA jurisdiction on December 1, 1991, with a North Carolina IFTA decal, will it be honored?

More importantly, the jurisdiction wants clarification that if a North Carolina carrier does not have a 1992 IFTA decal, will the state honor its 1991 decal or the 1991 North Carolina decal or the North Carolina license plate? If the carrier will become a 1992 North Carolina IFTA carrier but has some of its vehicles plated in another jurisdiction, would its 1991 North Carolina decal be honored?

BOARD INTERPRETATION:

Jurisdictions will not honor a North Carolina, Arkansas, or Kansas IFTA credential in December 1991, since jurisdiction implementation will not occur until January 1992.

North Carolina, Arkansas, and Kansas IFTA motor carriers must display one of the following when operating in another IFTA state during December 1991:

1. A valid 1991 decal and fuel license (when applicable) issued by the IFTA state(s) in which they are operating;
2. A 1991 IFTA decal and fuel license from a state that was a member during 1991;
or

3. A temporary or trip permit for the IFTA state in which they are operating.

During January and February of 1992, when operating in another IFTA state, one of the preceding must be displayed or a 1992 North Carolina, Arkansas, or Kansas IFTA decal and fuel license.

R655 Ballot 11-2001 amended IFTA Articles of Agreement Section R655 to add the subsection number .100 and to add .200 to more specifically describe the allowed grace period and the credential display requirements during the grace period and was effective January 1, 2003.

R660 Ballot 17-91 amends IFTA Articles of Agreement Section R660, clarifying the interpretation of decal identification. The effective date of IFTA Ballot 17-91 was March 16, 1993. The enforcement provision contained in this section gives the enforcement officers of the member jurisdictions discretion regarding the issuance of a citation and the requirement of a trip permit in the event two decals are not displayed on a qualified vehicle.

RECORDS REQUIREMENTS

Every licensee shall maintain records to substantiate information reported on the tax returns. Operational records shall be maintained or be made available for audit in the base jurisdiction. Recordkeeping requirements shall be specified in the IFTA Procedures Manual.

TAXATION OF MOTOR FUELS

The procedures contained in this Agreement apply to motor fuel use taxes that are imposed by each jurisdiction on the consumption of motor fuel or other fuels, as defined in R239, in qualified motor vehicles.

***R810 QUALIFIED MOTOR VEHICLES**

- .100** Tax reporting under this Agreement shall be for qualified motor vehicles as defined in this Agreement.
- .200** No member jurisdiction may require tax reporting or trip permitting for any vehicles based in any other member jurisdiction, other than qualified motor vehicles as defined in IFTA Articles of Agreement R245.

***R820 TAXABLE FUEL USE**

All motor fuel as defined in R239, which is acquired and which is normally subject to consumption tax, is taxable unless proof to the contrary is provided by the licensee. The licensee must report all fuel placed in the supply storage unit used to propel the qualified motor vehicle, as taxable on the tax return.

***R830 EXEMPT FUEL USE**

- .100** A member jurisdiction may exempt from taxation any use of motor fuel within its jurisdiction.
- .200** Fuel use defined as exempt by a particular jurisdiction must be reported under this Agreement. For reporting tax-exempt miles or kilometers, the licensee is required to obtain the definition of operations that qualify for tax-exempt status from the jurisdictions of the Agreement.
- .300** Licensees must submit claims for refund for tax paid on tax-exempt fuel directly to the respective jurisdiction. (See IFTA Articles of Agreement Sections R1000 and R1100.)

***R840 REPORTING INTRAJURISDICTIONAL TRAVEL**

The licensee may include fuel purchases and travel by qualified motor vehicles operated exclusively within a jurisdiction by obtaining IFTA decals for the intrajurisdictional vehicle(s). Once decaled, the intrajurisdictional vehicle(s) must continue to be reported until such time as the decal becomes expired or the vehicle(s) are no longer under the licensee's authority.

Issue:

The IAC has been advised by carriers and service providers that some IFTA member jurisdictions have either failed to validate tax returns or do not provide a return that enables a licensee to report all fuel placed into the supply tank of a qualified motor vehicle. The licensees are attempting to report either un-receipted fuel (purchases were made for which no receipt was retained) or untaxed fuel (e.g., fuel bought ex-tax on a Native American reservation).

The IAC respectfully requests that the IFTA, Inc. Board of Trustees examine this matter and issue a Consensus Board Interpretation addressing the following points:

- Does the direct language in IFTA Articles of Agreement §820 require the inclusion of un-receipted fuel (fuel purchased for which no receipt exists) and untaxed fuel (e.g., fuel purchased on a Native American reservation without tax)?
- Does the direct language in IFTA Articles of Agreement §R950, IFTA Procedures Manual §P720, and, more specifically, IFTA Procedures Manual §P720.300, require member jurisdictions to: provide a field or space which licensees can use to report all fuel placed into the supply tank of a qualified motor vehicle, regardless of whether a receipt was retained for tax paid credit or whether the fuel was taxed or not?
- How shall carriers report the correct tax liability to the base and all affected member jurisdictions when the base jurisdiction does not provide properly formatted tax return per IFTA Procedures Manual §P720 that enables them to do so?

Proposed Consensus Board Interpretation:

The Board agreed upon the following resolution in response to the CBID request:

The Board has determined that the Articles of Agreement and Procedures Manual require that all fuel placed in the fuel tanks of qualified vehicles, whether receipted or not, and whether taxed or not, must be reported to calculate the MPG/KPL and appropriate fuel taxes.

Jurisdictions are required to provide tax returns that allow for the calculation of the correct MPG/KPL and appropriate fuel taxes. Per the language of the Articles of Agreement and

the Procedures Manual, licensees are required to report all taxable gallons or liters. In order to accomplish this, jurisdictions must provide the ability for the licensee to report all fuel placed in qualified motor vehicles.

- R830.200** Ballot 7-92 added IFTA Agreement Section R830.200 effective January 1, 1994.
- R840** In July 1992, the membership unanimously ratified inclusion of Consensus Board Interpretation, Issue 13, as narrative to IFTA Articles of Agreement Section R840.

ISSUE: Which is to be used on a tax return to determine the average miles per gallon, the all operations figures? North Carolina believes units which operated intrastate only (not interstate) in any state during a reporting period may be excluded in the "everywhere/all operations" figures. What is correct?

BOARD INTERPRETATION:

Under the Agreement it is permissible for the carrier to be allowed to include intrastate qualified vehicle miles and reporting of intrastate operations through the IFTA return or through their own state return. If they are through IFTA, then the IFTA jurisdiction will need to make sure that in the audit the proper amount of taxation is collected and distributed.

If the carrier or registrant is reporting intrastate miles traveled by qualified vehicles on the IFTA tax return, the intrastate miles and fuel must be included in the IFTA calculation for miles per gallon. If the carrier or registrant is not reporting intrastate miles or fuel, they cannot include miles and fuel in the calculation for miles per gallon

REPORTING

***R910 REPORTING REQUIREMENT**

The licensee shall file a tax return for the tax reporting period with the base jurisdiction and shall pay all taxes due to all member jurisdictions with the remittance payable to the base jurisdiction by the due date. Jurisdictions may only require payment by guaranteed funds for the same reasons a bond may be required under R340.

***R920 FILING WITH BASE JURISDICTION**

The timely filing of the tax return and the payment of taxes due to the base jurisdiction for all member jurisdictions discharges the responsibility of the licensee for filing of tax returns and payment of individual taxes to all member jurisdictions.

***R930 TAX REPORTING PERIOD**

.100 Quarterly Tax Reporting

The tax return shall be for the previous calendar quarter. Tax returns are required even if no operations were conducted or no taxable fuel was used during the tax reporting period.

.200 Annual Tax Reporting

Notwithstanding the quarterly tax reporting requirement, a licensee whose operations total less than 5,000 miles or 8,000 kilometers (based on previous filing history) in all member jurisdictions other than the base jurisdiction during 12 consecutive months may request to report on an annual basis. Should a licensee wish to report annually, the licensee must obtain approval from the base jurisdiction.

***R940 TAX RETURN FORMAT**

.100 Forms

Tax return forms shall be furnished at no charge to each licensee at least 30 days prior to the due date of the tax return. All tax rates shown on the tax return will be the current jurisdiction tax rate provided notification of a change in tax rates is disseminated by a jurisdiction within the time limits prescribed by P1120. Failure to receive the authorized form does not relieve the licensee from the obligation to submit a tax return.

.200 Non Standard Returns

A base jurisdiction may authorize a licensee to submit a written or computer-generated tax return in lieu of the standard tax return if the return includes all the information required by this Agreement and is in a form acceptable to the base jurisdiction.

.300 Electronic Return

A base jurisdiction may authorize a licensee to submit a tax return electronically, in lieu of the standard tax return, if the return includes all the information required by this Agreement and is in a form acceptable to the base jurisdiction.

R950 REQUIRED INFORMATION

Each jurisdiction shall utilize a standard tax return form that contains, but is not limited to, all elements specified in the IFTA Procedures Manual P720.

***R960 DUE DATE**

.100 The tax return and full payment of taxes shall be due on the last day of the month following the close of the reporting period for which the tax return is due. If a licensee has been granted permission to file tax returns annually, the annual tax return shall be due January 31 following the close of the annual tax reporting period. If the last day of the month falls on a Saturday, Sunday, or legal holiday, the next business day shall be considered the due date.

.200 Delivery by National Postal Service or National Delivery Service

.005 Tax returns shall be considered received and filed on the date shown on the cancellation mark stamped by the national postal service of the Dominion of Canada, the United Mexican States, or the United States of America, or a national delivery service equivalent, on the envelope that contains the tax return; or the date the envelope was mailed, if proof satisfactory to the base jurisdiction is available to establish the date of mailing. To qualify under this provision, the envelope must be properly addressed to the department designated by the base jurisdiction to receive fuel tax returns and have adequate postage affixed.

.010 Tax payments shall be considered received on the date shown on the cancellation mark stamped by the national postal service of the Dominion of Canada, the United Mexican States, or the United States of America, or a national delivery service equivalent, on the envelope that contains the payment; or the date the envelope was mailed, if proof satisfactory to the base jurisdiction is available to establish the date of mailing. To qualify under this provision, the envelope must be addressed to the department designated by the base jurisdiction to receive fuel tax payments and have adequate postage affixed.

.015 When a tax return is hand delivered, the tax return shall be considered received and filed on the date that the tax return is delivered and receipted for by an employee of the department designated by the base jurisdiction to receive tax returns.

.020 When a tax payment is hand delivered, the payment shall be considered received on the date that the payment is delivered and receipted for by an employee of the department designated by the base jurisdiction to receive fuel tax payments.

.300 Delivery by Electronic Means

- .005 Tax returns delivered electronically shall be considered to have been received and filed on the date determined in accordance with the laws of the base jurisdiction.
- .010 Tax payments may be made by any method of electronic transfer approved by the base jurisdiction.
- .015 Electronic tax payments shall be considered to have been received on the date determined in accordance with the laws of the base jurisdiction.

***R970 LATE FILING**

Tax returns not filed or full payment of taxes not made by the due date shall be considered late and any taxes due considered delinquent.

TAX PAID PURCHASES

- .100 To obtain credit for tax paid purchases, the licensee must retain a receipt, invoice, credit card receipt, or automated vendor generated invoice or transaction listing, showing evidence of such purchases and taxes paid. These records may be kept on microfilm, microfiche or other computerized or condensed record storage system which meets the legal requirement of the base jurisdiction. Licensees are not required to submit proof of tax paid purchases with their tax returns.
- .200 Receipts that have been altered or indicate erasures are not accepted for tax-paid credits unless the licensee can demonstrate the receipt is valid.

*R1010 RETAIL FUEL PURCHASES

- 100 A licensee may claim a tax-paid credit on the IFTA tax return for fuel purchased at retail only when the fuel is placed into the fuel storage unit of a qualified motor vehicle and the purchase price includes fuel tax paid to a member jurisdiction.
- .200 The receipt must show evidence of tax paid directly to the applicable jurisdiction or other third party. -Specific requirements for these receipts are outlined in the IFTA Procedures Manual Section P550. No member jurisdiction shall require evidence of such purchases beyond what is specified in the Procedures Manual.
- .300 In the case of a lessee/lessor agreement, receipts for tax-paid purchases may be in the name of either the lessee or the lessor provided a legal connection can be made to the tax reporting party.

*R1020 BULK FUEL PURCHASES

- .100 Storage fuel is normally delivered into fuel storage facilities by the licensee, and fuel tax may or may not be paid at the time of delivery.
- .200 A licensee may claim a tax-paid credit on the IFTA tax return for fuel withdrawn from bulk storage only when the fuel is placed into the fuel tank of a qualified motor vehicle; the bulk storage tank is owned, leased, or controlled by the licensee; and either the purchase price of the fuel includes fuel tax paid to the member jurisdiction where the bulk fuel storage tank is located or the licensee has paid fuel tax to the member jurisdiction where the bulk fuel storage tank is located.
- .300 The licensee's records must identify the quantity of fuel taken from the licensee's own bulk storage and placed in its qualified motor vehicles. Recordkeeping requirements for tax paid bulk fuel purchases are provided in IFTA Procedures Manual Section P550.

CREDITS AND REFUNDS

A licensee shall receive full credit or refund for tax-paid fuel used outside the jurisdiction where the fuel was purchased. The base jurisdiction shall allow credits and issue refunds for all of its licensees on behalf of all member jurisdictions. Refunds to licensees will be made only when all tax liability, including audit assessments, have been satisfied to all member jurisdictions.

***R1110 REFUNDS**

The licensee shall receive, on request, a refund of any accumulated credits. The manner in which the refund is issued shall be in accordance with the laws of the base jurisdiction. All requests for refunds of credit balances must be filed in writing unless the base jurisdiction has an automatic refund policy.

***R1120 APPLICATION OF CREDITS**

.100 Such credits, when not refunded, shall be carried over to offset liabilities of the licensee in future tax reporting periods until:

.005 The credit is fully offset; or

.010 Eight calendar quarters shall have passed from the end of the calendar quarter in which the credit accrued,

whichever occurs sooner.

.200 When filing a tax return, a licensee may apply the overpayment generated in one jurisdiction to the taxes owed to another jurisdiction and remit the net tax owed to the base jurisdiction.

R1130 AUTHORIZATION TO WITHHOLD REFUNDS

As a condition to issuance of a motor fuel tax license under this Agreement, an applicant will authorize on the application that refunds may be withheld if the licensee is delinquent on fuel use taxes due to any member jurisdiction.

***R1140 CONDITIONS FOR ISSUANCE OF REFUNDS**

.100 Refunds need not be made for an overpayment for which records are no longer required under this Agreement. A request for refund shall extend the records requirement date until the refund is made or denied.

.200 Credited amounts may be refunded to the licensee only if all motor fuels taxes, penalty, and interest governed by this Agreement due every other member jurisdiction have been paid, unless the unpaid amount is under appeal in accordance with IFTA Articles of Agreement Section R1400.

***R1150 INTEREST ON REFUNDS**

Refunds determined to be properly due shall be paid within 90 days after receipt of a request for payment from a licensee. If not so paid, interest shall accrue at the rate specified in IFTA Articles of Agreement Section R1230. Interest shall be calculated from the date the refund was due for each month or fraction thereof until paid.

Commentary to Article XI

R1110 IFTA Ballot 8-2006 amended the IFTA Articles of Agreement to eliminate the requirement that licensees make requests for refunds in writing if the base jurisdiction has an automatic refund policy and eliminates the requirement that refunds be issued in cash and was effective November 21, 2006.

R1120 IFTA Ballot 15-2004 amended the IFTA Articles of Agreement to provide greater clarity and make the language more consistent with all of the IFTA Governing Documents and was effective January 1, 2006.

R1140.200 In July 1992, the membership voted to include the commentary from Consensus Board Interpretation, Issue 18-92, as narrative to IFTA Articles of Agreement Section R1140.200.

ISSUE: If a taxpayer has a prior period credit and files a delinquent return for the current period, how is the credit applied? Is interest calculated before or after the application of the credit?

BOARD INTERPRETATION:

When the taxpayer has a prior period credit and files a delinquent return for the current period, we believe interest must be calculated before the application of the credit. This is necessary because the base jurisdiction is actually holding the money, while the tax is due other jurisdictions. It would not be fair to apply the base state's credit against another state's liability. The other state must receive interest. While this may seem unfair to the carrier, the carrier is not required to carry a credit on the account and may request a refund, and the problem is avoided if the carrier files on time.

ASSESSMENT AND COLLECTION

*R1210 ASSESSMENT

- .100** In the event that any licensee
- .005** fails, neglects, or refuses to file a tax return when due;
 - .010** fails to make records available upon written request by the base jurisdiction;
or
 - .015** fails to maintain records from which the licensee's true liability may be determined,

the base jurisdiction shall proceed in accordance with .200 and .300.

- .200** On the basis of the best information available to it, the base jurisdiction shall:
- .005** determine the tax liability of the licensee for each jurisdiction and/or
 - .010** revoke or suspend the license of any licensee who fails, neglects or refuses to file a tax report with full payment of tax when due, in accordance with the base jurisdiction's laws.

Both .200.005 and .200.010 may be utilized by the base jurisdiction. For purposes of assessment pursuant to .100.010 or .100.015, the base jurisdiction must issue a written request for records giving the licensee thirty (30) days to provide the records or to issue a notice of insufficient records.

- .300** The base jurisdiction shall, after adding the appropriate penalties and interest, serve an assessment issued pursuant to .200.005 upon the licensee in the same manner as an audit assessment or in accordance with the laws of the base jurisdiction. The assessment made by a base jurisdiction pursuant to this procedure shall be presumed to be correct and, in any case where the validity of the assessment is questioned, the burden shall be on the licensee to establish by a fair preponderance of evidence that the assessment is erroneous or excessive.

*R1220 PENALTIES

- .100** The base jurisdiction may assess the licensee a penalty of \$50.00 or 10 percent of delinquent taxes, whichever is greater, for failing to file a tax return, filing a late tax return, underpaying taxes due.
- .200** Penalties paid by the licensee shall be retained by the base jurisdiction.
- .300** Nothing in the Agreement limits the authority of a base jurisdiction to impose any other penalties provided by the laws of the base jurisdiction.

*R1230 INTEREST

The base jurisdiction, for itself and on behalf of the other jurisdictions, shall assess interest on all delinquent taxes due each jurisdiction except taxes collected directly by other jurisdictions.

.100 U.S. Jurisdiction Interest Rate

For a fleet based in a U.S. jurisdiction, interest shall be set at an annual rate of two (2) percentage points above the underpayment rate established under Section 6621(a)(2) of the Internal Revenue Code, adjusted on an annual basis on January 1 of each year. Interest shall accrue monthly at 1/12 this annual rate. The Repository shall notify Jurisdictions of the new rate by December 1.

.200 Canadian Jurisdiction Interest Rate

For a fleet based in a Canadian jurisdiction, interest shall accrue at a rate equal to the 1-year Canadian Federal Treasury Bill rate, as published by the Bank of Canada on the first date that a rate is published in November of the year prior to which the interest rate will apply, plus two percent rounded up to the next whole percentage point and adjusted annually. Interest shall accrue monthly at 1/12th of this annual rate. The Repository shall notify Jurisdictions by December 1.

.300 Computation of Interest

.005 Tax Returns

Interest due from a tax return shall be calculated separately for each jurisdiction from the date tax was due for each month or fraction thereof until paid. A full month's interest shall accrue for any portion of a month on which tax owed remains unpaid.

.010 Audits

Audit interest shall be calculated separately for each jurisdiction. Audit interest shall accrue monthly on the cumulative net tax balance owed to a jurisdiction until paid. A cumulative net tax balance is the amount of additional tax owed or tax overpayment made to a jurisdiction immediately following the due date of any tax reporting period taking into account all prior additional tax owed or overpayments made to a jurisdiction during the audit period. The cumulative net tax balance shall be adjusted immediately following the due date of any subsequent tax reporting period to reflect tax owed or overpayment made for that tax reporting period. A full month's interest shall accrue for any portion of a month on which tax owed remains unpaid. An overpayment for one jurisdiction shall have no effect on the interest calculation for any other jurisdiction.

.400 Remittance

All interest collected shall be remitted to the appropriate jurisdictions in accordance with IFTA Procedures Manual Section P1000.

***R1240 COLLECTION PROCEDURES**

.100 The collection of tax, penalty and interest owed to all member jurisdictions is the responsibility of the base jurisdiction, except as noted in IFTA Procedures Manual Sections P1000 and P1120.300.

.200 Methods of collection will be governed by the laws of the base jurisdiction and by this Agreement.

- .300 In accordance with the jurisdiction's law, a base jurisdiction may use lien provisions to collect on taxes delinquent for a period of over 30 days. Such provisions shall include appropriate notice and due process requirements.

***R1250 RESPONSIBILITIES IN BANKRUPTCY PROCEEDINGS**

- .100 If the base jurisdiction receives official notice or otherwise obtains knowledge of the filing of a bankruptcy case or similar insolvency, liquidation, or reorganization proceeding by or against a licensee, the base jurisdiction shall be responsible for determining and taking such action as it deems reasonable and proper with respect to the need to:
 - .005 Prepare and file a proof of claim;
 - .010 Prepare and file requests for payment of post-petition liabilities; and
 - .015 Prosecuting and defending proofs and requests.
- .200 If the base jurisdiction is named respondent or defendant in a contested matter or adversary proceeding in which a member jurisdiction has an interest, and the base jurisdiction determines that it will not pursue the IFTA claim, then the base jurisdiction shall promptly notify such jurisdiction so it may seek to intervene.
- .300 Upon request from a member jurisdiction, the base jurisdiction must promptly provide such information and documentation in its possession as is necessary for the member jurisdiction to defend any contested matters or adversary proceedings involving fuel use taxes administered under IFTA.

***R1260 WAIVER OF PENALTIES AND INTEREST**

- .100 The base jurisdiction commissioner may waive penalties authorized by this Article for reasonable cause. If a licensee can demonstrate a tax return was filed late because of misinformation given to the carrier by the base jurisdiction, the interest may be waived for the base jurisdiction if the jurisdiction's statutes allow such a waiver. To waive interest for another jurisdiction, the base jurisdiction must receive written approval from the other jurisdiction.
- .200 Licensees against whom a penalty has been levied may file an appeal pursuant to Article R1400.

***R1270 REVOCATION OF LICENSE**

If a tax delinquency has not been satisfied, or the licensee has not filed a written appeal within a 30-day period from the notification of delinquency, a notice of revocation will be sent in accordance with the base jurisdiction's statutes for such notices advising the licensee of the immediate revocation of the fuel tax license.

- R1230** In July 1991, the membership unanimously ratified inclusion of Consensus Board Interpretation, Issue 2, as narrative to IFTA Articles of Agreement Section R1230.

ISSUE: What is IFTA's policy concerning the way in which jurisdictions should be charging interest after January 1, 1991? Is interest charged by date received or is it based upon the time period for which the carrier is filing?

BOARD INTERPRETATION:

The Board consensus on this topic was that fourth quarter returns should be charged at the new interest rate of one percent. The interest rate should apply to the return due date. This means that multiple interest rates must be applied if tax is unpaid during periods when the tax rate changes. Multiple interest rates will apply for both returns and audit assessments.

- R1230** In July 1992, the membership unanimously ratified inclusion of Consensus Board Interpretation, Issue 16-92, as narrative to IFTA Articles of Agreement Section R1230.

ISSUE: The IFTA Articles of Agreement Section R1230 state, "The base jurisdiction shall assess interest on all delinquent taxes due each jurisdiction..." Is interest assessed for "each jurisdiction" at the jurisdiction level or is it assessed at the fuel type level?

BOARD INTERPRETATION:

A survey was done which indicated nearly all the jurisdictions assess interest for each fuel type. Because some jurisdictions provide a separate return for each fuel type, netting the tax due before assessing interest would be difficult. (Contact repository for survey.)

R1230 In July 1995, the membership unanimously ratified inclusion of Consensus Board Interpretation 44-95, as narrative to IFTA Articles of Agreement Section R1230.

ISSUE: What is the appropriate method of interest calculation for an audit? At the 1994 IFTA Annual Meeting, a discussion was held about the "majority" vs. "minority" method of computing interest on an audit. Basically, the majority method interest is calculated on amounts due through the end of the audit period and then credits are applied. In the minority method, credits are applied based on the due date of the period of the credit, and interest is due only on the net tax.

BOARD INTERPRETATION:

The IFTA Articles of Agreement do not require a specific method of interest calculation on an audit. Both the "majority" method and "minority" method are acceptable

In the event the base jurisdiction sends or causes to be sent a transmittal to a member jurisdiction which shows money owing to the base jurisdiction, the jurisdiction being billed shall remit payment to the base jurisdiction as prescribed by P1040.

Should a licensee fail to remit payment in full on or before the due date established by the base jurisdiction, the base jurisdiction may choose one of the following options in remitting audit funds to affected member jurisdictions:

The base jurisdiction may remit any additional money owed by a licensee to affected member jurisdictions when payment is received. Upon receipt of a partial payment, the base jurisdiction must remit the payment on a pro-rata basis to affected member jurisdictions by the last day of the month following the month in which payment is received from the licensee. Credits due the licensee from one or more affected member jurisdictions shall be considered a payment made by the licensee. Any audit liability identified by the base jurisdiction but not previously remitted by the base jurisdiction to the affected member jurisdictions, and which is deemed to be uncollectible for one or more of the reasons stated in the IFTA Procedures Manual Section P1060.200.010, must be reported to the affected member jurisdictions as such within 60 days of the after the uncollectible determination.

Commentary to Article XV

- R1505** Ballot 90-312-1 amended the Articles of Agreement to provide for the establishment of the International Fuel Tax
- R1510** Association, Inc., effective February 25, 1991. The Articles of Agreement sections affected by ballot were R1510.100, R1510.200, R1510.300, R1515, R1545, R1810.100, R1810.200, R1810.300, R1810.400, R1810.600, R1820.100, and R1820.200.
- R1510.100** See commentary at IFTA Audit Manual A660.100 regarding required licensee audit report content.
- R1510.100** {EDITOR'S NOTE: In light of the passage of Ballot 14-1995 effective July 1, 1997, Commentary resulting from the ratification of Issue 8, Question 1 is for historical reference only. Language regarding the implementation of the IFTA audit requirements can now be found at IFTA Audit Manual Section A310.]
- R1510.100** In July 1991, the membership unanimously ratified inclusion of Consensus Board Interpretation, Issue 8, questions 1 and 2, as narrative to IFTA Articles of Agreement Section R1510.100.
- QUESTION 1: Most states do not begin their IFTA audit program until at least one year's worth of returns are filed. Does the five-year audit requirement begin on the date the state's audit program begins, on the date the state's membership became effective, on the date the state became approved for membership, or on the date that the first three-year audit can be conducted (three years after the first IFTA return was filed)?

BOARD INTERPRETATION:

The Board consensus was that a jurisdiction should begin its IFTA audit program on its implementation date. The beginning of an IFTA audit program should include, but not be limited to, the hiring of sufficient audit personnel to meet the audit requirements and development and implementation of an auditor training program. Audits will not be performed until one year from the jurisdiction's implementation date.

- QUESTION 2: Effective January 14, 1992, the IFTA audit requirement will change due to Ballot 90-316-2 which changes the percentage from "25 percent every three years to "15 percent every five years". Is the change retroactive or do states have to provide 25 percent coverage up to the effective date and then 15 percent thereafter?

BOARD INTERPRETATION:

The Board consensus was that the change in percentage of audits from 25 percent every three years to 15 percent every three [sic] years is retroactive to the date of the jurisdiction's implementation.

- R1510.100** Ballot 90-316-2 amended IFTA Articles of Agreement Section R1510.100, modifying the minimum percentage of audits to be performed in a five-year period. The effective date of Ballot 90-316-2 was January 14, 1992.
- R1510.100** In July 1996, the membership unanimously ratified inclusion of Consensus Board Interpretation, Issue 49-96, as narrative to the IFTA Articles of Agreement Section R1510.100.

ISSUE: For jurisdictions implementing on dates other than January 1, can the required 5-year/15% audit requirement be proportionally reduced to equate to the number of months the jurisdiction is in IFTA that year?

BOARD INTERPRETATION:

For a jurisdiction implementing on a date other than January 1, an average of 3% per year to equate to the required audits of 15% of a jurisdiction's licensees in a 5-year period, will be proportionally reduced to equate to the number of months in IFTA that year. The requirement will be based on the full calendar year for each year after implementation.

- R1510.100** IFTA Ballot 4-2001 amended IFTA Articles of Agreement Section R1510.100 to state that a sufficient number of auditors must be employed to complete audits as prescribed in the IFTA Audit Manual and was effective November 26, 2001.
