New Website Update

Reminder, last December the website changed how it handles passwords and password resetting. In early December all passwords were deleted and will need to be reset via email. As of now 50% of all registered IFTA, Inc. users have already done this. We have detailed instructions on changing your passwords on the Important Information web page. If you have level 5 or higher access you can manage your jurisdictions users and create new passwords for them if you wish to do that.

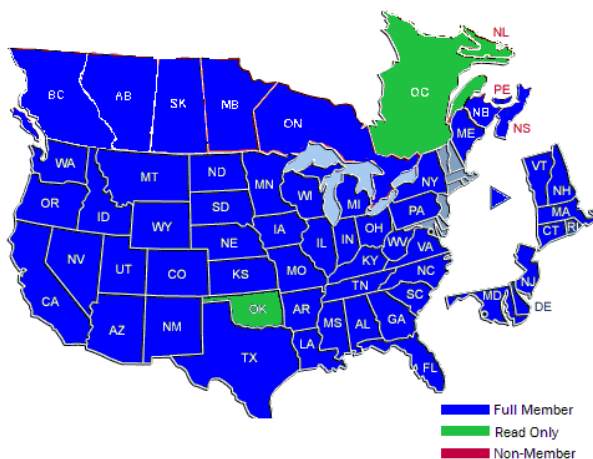

New Special Committee

IFTA has a new special committee called the PCRC Working Group.

If you have any questions or issues email me at tking@iftach.org or call me at the office on #5.
