Manual Sections to be Amended:
IFTA Articles of Agreement  R1600  R1635
R1610.200  R1650.200
R1620.100  R1650.300
R1620.200  R1650.400
R1625  R1655
R1630  R1720.100

Intent:
Focusing only on the approval of ballots and CBI’s, this ballot proposes verbiage to specify that only the votes actually cast will be counted towards the disposition of the vote. By doing so, the intent is to have the voting results be representative of those jurisdictions that actually voted. No longer should jurisdictions not participating in a vote have a vote “assigned” to them and be counted in the outcome of the vote. The outcome of any ballot should not be influenced by non-voters.

This proposal continues to recognize that a jurisdiction may not want the community to know where they stand on the issue being voted upon. This proposal also continues to recognize that a jurisdiction is not required to vote at all. However, with either of these scenarios, a vote of “NO” is assigned to them regardless if that is their intention or not. For this reason, and possibly others, this ballot does not change the jurisdictions’ right to abstain from voting as provided in R1650.300.
